- Generator
- Inverter

Outside Equipment/Extras

- Hydraulic Gangway
- Tender

Manufacturer Provided Description

The Ferretti 681, compared to the previous 680 model, immediately appears as a completely new boat. Space, big comfort and an extremely contemporary design thanks to the use of open pore teak and a newly designed of the shape, make it an ideal yacht for dimensions and space optimization. The new styling directive is also evident in the exteriors which present aggressive lines due to the lengthening of the overhead window structure and the addition of new space such as the spoiler bench seat offering a relax area on the sea. Great emphasis has also been placed upon the layout of the cabins. Two guest cabins; one with ample space to permit the positioning of the beds in an L position & the VIP cabin, an elegant and spacious alternative with private bathroom featuring teak flooring and marble basins. The master cabin with bed facing the rear deck, has been enriched with a large semi-circular sofa that allows one to admire the sea view from the famously characteristic open-view window structures, openable at the lateral portholes. The flying bridge is furnished with circular sofa, revolving table and two large sundecks to enjoy the sea. The project characteristics combined with the high performances, make the Ferretti 681 the jewel of the Ferretti yacht fleet.

Exclusions

Owner's personal belongings.
