---

- Teak Cockpit
- Teak Sidedecks
- Hydraulic Gangway
- Tender
- Lifteraft
- Cockpit Cushions

---

## Manufacturer Provided Description

---

The Ferretti 592 is an 18-metre flybridge yacht intended to replace the 591. It introduces a series of significant modifications that will revolutionise the quality of on board life. First of all, the window area has been expanded to form an almost continuous coverage. The 360 degree visibility allows passengers to enjoy interior spaces bathed in natural light. The location of the aft galley is another radical intervention that enhances not only the optimisation of the layout but also comfort and functionality. The tilt window makes it possible to create a single sweep of open space where cockpit, galley and living area blend in a friendly, hospitable design unity. The sleeping area has also been completely remodelled, with the creation of a full beam owner's suite with two open view windows and chaise longue, comparable to the accommodation on a much larger yacht, with the addition of a forward VIP cabin and guest cabin with twin beds, all with private bathroom.

---

## Additional Description

---

- Air conditioning (36,000 BTU/h)
- Anti Rolling Gyro Mitsubishi (1) MSM-4000
- Bow thruster (8,7-10,7HP)
