Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

As you enter at the starboard main entrance foyer on the main deck, a maple and black granite flooring treatment leads both forward to the galley and powder room and aft to the main salon. The main salon features dining room/cocktail seating which utilizes an ingenious rotating, elevated electric table that allows this area to quickly convert to a formal dining table for eight—then at a push of a button, allows a larger main salon for casual entertaining when not in use. Just aft of the dining area is the granite and maple wet bar with Sub-Zero refrigerator, icemaker, seating for four and comfortable lounge chairs. Luxurious fabrics appoint the main L-shaped seating areas aft with its lowered ABS window systems giving a glimpse of the ocean views. To starboard is a state-of-the-art surround sound TV/audio system. An intimate game table for two is just forward of this area. Two maple wood buffets port and starboard gives INDEPENDENCE II ample storage space. Aft of the main salon is a spacious teak deck with twin stairways leading to engine room access and swim platform. An additional centerline swing gate serves as a boarding access via the medgangway when in port. An additional curved stairwell for upper deck access as well as engine room access is located on the aft deck. A teak table with seating for up to ten and comfortable teak lounge chairs and sofas complete this area. The galley located forward of the pilothouse is elegantly appointed with maple cabinetry, paneling and Corian countertops with inlay throughout this area. Seating for up to eight in an L-shaped settee is forward with matching Corian table on adjustable base pedestals. Flooring is herringbone maple impregnated with vinyl for easy upkeep. A large Sub-Zero refrigerator, ample storage and large pantry to an additional top-loading freezer gives INDEPENDENCE II provisioning capabilities of much larger vessels. Access down below deck to staterooms is just off the starboard entrance. Silk panels and marble hardwood accents lead to a center foyer with elegant chair rail and curved arches and doors for each of the four staterooms. The master suite is forward with king-size bed and features twin his/her baths in black granite with shower. Curved granite sink treatments give this area a sumptuous appeal. Maple and silk wall treatments with custom curved louvered maple doors, TV entertainment center, spacious walk-in closet, Birds Eye maple dressers with inlaid ebony fillets and mirrored bulkhead with silk upholstered soffit complete this stateroom. All three guest staterooms feature maple paneling, custom ceiling panels, cedar closets, private baths, ample storage and TV entertainment centers. A pantry with washer and dryer is also located on this deck level. The upper deck is accessible either via pilothouse or aft deck and is the focal point for outdoor activity aboard. There are twin port and starboard control panels for electronics, jog steering, thruster controls and DDEC controls are forward with seating. Dual adjustable sunning lounges are on either side of the hot tub. Custom wet bar with grill, refrigerator and icemaker are housed in an awlgripped cabinet.

Salon

- Samsung 45" TV
