Overview

Owner Will Consider Trades

Amitie, build number 26, is the latest 130' model currently on the market, has low hours, and was one of the most well-equipped 130's ever to leave the factory. She was delivered new with the raised mahogany wood interior, bulkhead and door in skylounge, and zero speed stabilizers from the factory, items that are now standard on the current model Westport 40M.

Amitie received a soft goods refit in the salon in 2015. The ceilings in the salon, master, master head, and foyer were also redone at the same time in upgraded vinyl in place of the suede.

"Amitie" is a beautiful example of Westport's proven production and reliable quality. At the time of her build she was the most expensive and well-equipped 130' to leave the factory. She was delivered new in May 2008. With a full crew and generous budget, the yacht has been maintained to a very high standard. Whether you want to use her in the Bahamas, Caribbean or the Med; she is fully functional for all venues. She is aggressively priced and in turn-key condition. She is not to be missed by any buyer considering a Tri-Deck yacht.

- **Two Spare Propellers Included**

Vessel Walkthrough

"Amitie" is the finest 130' Westport on the market. She was delivered new in May 2008. She offers zero speed stabilization, Naiad "at anchor" Model 302 with 22 sq. ft. fins and electrical converters (ready for Europe). In addition, she provides a Mahogany interior with crotch Mahogany burly inlays.

The 130' Westport offers an aft deck that is the most spacious in its class; featuring a large round table for casual al-fresco dinners, an aft settee and occasional chairs and a functional service bar. A large party can be on this aft deck and not feel crowded. There is also a Barrett 2-sided aft deck enclosure that further protects the aft deck from the elements.

Going forward from the aft deck, you enter the main salon through double stainless steel glass doors. There is a large L-shaped sofa to port with (2) large occasional chairs & leather lounge chair with ottoman. The salon windows are very large, which offer panoramic views while sitting

in the salon or the game table at the starboard side.

The formal dining is located in the forward part of the salon. It accommodates ten owners and their guests. The dining table is custom built out of matching Mahogany with inlays of glass. The fine dining ware and flatware is stored in custom cabinets located port and starboard of the dining table.

The galley is very well-appointed with double ovens, double stainless steel sinks and full-size double door refrigerator. Over the sink area is a large window that lets in the natural light and allows for great views. There is a custom stewardess pantry with a granite countertop, bar stool at the port window.

The upper aft deck is featured with a large L-shaped settee and table to port, built-in TV and an overhead customized awning that is supported by custom carbon fiber poles. This awning can be used in various manners to leave parts of awning open for versatile usage.

Going forward from the upper aft deck, you enter the skylounge through double stainless steel glass doors. This room is well-appointed with large windows for excellent visibility, an office, day head, walk-up service bar, fireplace, L-shaped sofa plus two occasional chairs and matching ottoman.

"Amitie" offers a five stateroom plus crew layout. The master stateroom is on the main deck with large windows for great visibility. The master head is forward with his and hers access, large triple shower and a custom vanity forward of the shower. The four staterooms are on the lower level with a separate staircase leading to a foyer. The two VIP staterooms are large with California king size berths and ensuite heads. The two guest staterooms are mirror images with twin berths that can be combined to offer queen berth stateroom. The port stateroom has an additional Pullman berth, each cabin with ensuite heads.

The crew quarters are located from the galley down steps going forward. The captain's stateroom is located to port with a double sized berth and ensuite head. To starboard from the captain's quarters is a large crew dinette. There are two crew cabins staterooms with upper and lower berths and ensuite heads. In addition, an engineer's cabin is located aft with a double berth and ensuite head.

Aft Deck

- Molded-in settee with cushions
- (2) Occasional tables

- Shore Power Converters: (2) 36 KVH 50-60 cycle shore power converters (180 to 500 VAC input)
- Main distribution panel located in control room
- Vimar receptacles and switching throughout
- Navigation lights with operation monitored by VIC system (includes bow light, stern light, side lights and anchor light)
- Crestron: Audio/Video distribution controlled by Crestron system through wireless control
- (11) Kidde RF smoke detectors
- Fire pump Hat Z in control room

Engine Room

- **(2) MTU 12V4000M90 (3,546hrs, read September 2015) with warranty through March of 2016 or 4,200 hours**
- (2) Northern Lights 65Kw gen sets (10,463hrs. starboard, 10,802hrs. port, read September 2015)
- (2) 3G KVH ASEA shore power converters
- Watertight exterior engine room door
- 18' Self-coiling hose for oil change pump with quick disconnects
- Engine Room Floor: #174 Black standard profile raised circular design rubber tile; #9 style nosing
- **Engine Room Steps & Flooring redone in 2015**
- **Oil Changed September 2015**
- **3,000 hour service completed on engines June 2015**
- **Custom storage racks installed above engines in 2015**
- **New Hydraulic Oil in September 2015**

Performance & Fuel Economy

Towing 35' Scout Center Console Tender

RPM	Speed (knots)	GPH	Range (nm)
-----	---------------	-----	------------

1350 14 60 1,500 Sweet spot for cruise with tender

Without Tender

RPM	Speed (knots)	GPH	Range (nm)	
925	10.3	24	3350	
1400	15	45	2,000	
1800	21.5	165	1,323	
1900	23	166	1,408	Sweet spot fast cruise
2000	24			

Mechanical Equipment

- **(2) MTU/DDC 12V4000 Engines @ 2735 HP with (4) station controls, integrated station selection and shifter 22-H.S. stocks control & synchronizer – 3546 hours on each (September 2015)**
- (2) 65KW 1800 RPM Northern Lights generators with compound mounts, sound shields, "In-Sep" water separation/mufflers, (water temperature, oil pressure and hour meters are installed in the distribution panel) and with remote start/stop (port & starboard)
- 220V 2Hp Air Compressor engine room will operate horn, gasoline tank and general engine room air supply
- Bow Thruster: American Bow Thruster 16" – 50HP hydraulic prop with four-station controls
- Stern Thruster: American Bow Thruster 16" – 50HP hydraulic prop with four-station controls
- Fuel Fill Pipes: Fuel fills port & starboard with delay circuits and freshwater with vent pipes vented overboard for fast filling
- Fuel Tanks: ¼" Minimum 5086 alloy aluminum with dual fills and standard vents (approximate capacity 9,900 gallons)
- Gas Tank: 100 Gallon gas tank under hatch on swim step with air operated diaphragm pump and fill nozzle
- Fuel Filters: (2) Detroit provided SeaPro for each main engine and one SeaPro 2005-MK for each generator
- Fuel Monitoring: Sight tubes are located on each tank and a digital readout integrated into the monitoring system
- Fuel Transfer System: Fuel transfer pump is equipped with flow meter and timer
- SeaPro 2005-MK for each generator
- Fire Suppression: Engine room has a FM200 Fire Suppression system with manual/automatic controls; also, additional fire suppression is located on the electrical distribution panel
- Lube Oil Change System: (1) Tank with (2) 178-gallon chambers; (1) for new oil with deck

fill, fill spigot and pneumatic transfer pump, and (1) for waste oil with deck fill and drain spigot (portable extraction pump with quick disconnects on pump and all engines)

- Rudders: 10 Sq. Ff. cast urethane foil-shape rudders with 4" Aquamet 22-H.S. stocks
- Rudder Bearings/Seals: PYI Dripless packing boxes with spare seals (steady rest bearings in aluminum framework)
- Propellers: 5-Blade Michigan custom wheels (4)
- Shafts: Aquamet 22-HS 4 ½"
- Shaft Log & Packing Glands: Shaft logs are one-piece fiberglass construction with
- PYI Dripless packing gland and spare seals (shaft log are laminated into hull)
- **Stabilizer System: At Anchor Stabilization – Factory Install: Naiad model #302 with 22sq.ft. fins, one station Multisea 2000 control, with oil level warning, unloading valve kits - Completely Serviced/Refit in 2014**
- Windshield Wipers/Washers: (3) Exalto stainless steel pantograph wipers with delay circuits and freshwater wash-down
- Steering: Jastrom CCO Commercial grade power steering; (4) stations; pilothouse, flybridge and (2) wing stations with electric controls (all stations are equipped with rudder angle indicators)
- Bonding: All bronze thru hulls and shaft wipers to be bonded to #8 or heavier wire and connected to general bonding system
- Zinc Anodes: Installed on hull at transom secured on stainless steel studs and tied to the bonding system (includes zinc on shafts and struts)
- Air Conditioning: (4) Chilled water system with air handlers in salon, pilothouse, galley, all staterooms, crew area and skylounge; make-up air system is included; chiller unit includes variable frequency drives (approx. capacity of 20 tons)
- Bilge Monitoring: (13) Remote-mounted bilge float switches and VIC alarms on all float switches
- Bilge Pumps: Emergency fixed bilge pump system includes (2) electronic pumps with 1 ½" PVC lines to each major compartment with check valves, strainers and priming system
- **Transmission oil changed in September 2015**
- **All new A/C Chillers in 2015**
- **All New Door Cables in 2015**
- **New Icemaker in Engineer's Cabin - 2015**
- **New Refrigerator Compressor - 2015**
- **New Fuel Injector Pumps in Generators**
- **Generators serviced every 200 hours**

Plumbing

- Water Tanks: Aluminum with interior epoxy coating (approx. capacity of 1620 gallons, electronic monitoring system and sight tube, individual tank fills on starboard side Amidship)
- (2) Sea Recovery water makers SRC 1400 (2,800 gallons per day total)
- Water Filters: (5) Micron sediment filters with UV sterilization light

- Freshwater System: (2) 220V AC Pumps and (1) 24V DC back-up pressure pump with pressure tank
- **Hot Water Heater: (1) 80-Gallon hot water tank with circulation pump (New in 2015)**
- Hot & cold water shower in swim platform area
- Freshwater wash-down with quick disconnects on foredeck boat deck and swim platform
- Below decks Gray water Systems: (3) Gray water transfer boxes fitted with screen, supply and discharge line for all showers and sinks (except galley); forward two transfer boxes have an AC sump pump and a 24V DC backup pump, with alarm on backup pump; aft transfer box has DC pump only; and all gray water pumps to have diverter valve for overboard discharge or ship's holding tanks
- Holding tanks: (2) Composite tanks with inspection hatch; tanks are electronically monitored and have an approx. capacity of 1,360 gallons; and Headhunter MSD treatment with PLC touch screen, and Auto-Chlor treats black and grey water

Safety Equipment

- Life Raft: (2) 10-Man Solas approved life rafts Zodiac mounted on boat deck rails
- Life Raft: (1) 18-Man mounted on flybridge
- Life Preservers: (24) Coast Guard-Approved adult life preservers with water lights and (6) Coast Guard-Approved child life preservers with water lights
- (4) 24" diameter ring buoys secured on exterior of vessel; (2) with Smoke/light
- Flare kit
- Ship's bell per Coast Guard regulations, installed on bow railing over anchor windlass
- (27) Fire extinguishers, CO2, dry chemical installed in suitable locations
- EPIRB: McMurdo G5
- SART: NA-SART
- Medical kit
- (18) Immersion suits
- Line thrower
- (2) Fire blankets
- Not under command lights
- Man overboard lift collar

Miscellaneous Equipment

- Underwater Lights: (6) Across stern
- Boarding Stair: (1) 8-Step carbon fiber with handrails on both sides, brackets at port & starboard gates, stowed in a recess on the starboard house side
- Emergency Ladder: On transom, painted black to match hull
- Covers: All covers have been upgraded to Stamoid with Bolt-rope and zipper attachment, Secondary Snap-on attachment is also provided
- Covers provided for: Flybridge settee, tables, seating, shore boats, bow seat and aft deck

seating; a black mesh windshield cover is provided in the pilothouse

- Spare Parts: DDC/MTU spare parts kit; Northern Lights spare parts kit; Sea Recovery spare parts kit and Ship's spares kit
- Built-in wheel puller to pull vessel's propellers
- Flagstaffs: Stern flagstaff rigged with nylon line, bow jack staff
- Passerelle: Besenzoni two-section rotating hydraulic, with handrail and wireless control for Med-Style mooring
- Cushions: Aft deck settee, bow sun pad, boat deck lounge settee and observation deck settee; Sumbrella fabric with dry fast foam fill
- Carbon Fiber Poles for Sun Shade on Boat Deck
- **All Fender Hooks refinished in 2015, including 4 sets of Fender Hooks to hold kayaks and paddleboards**

Tender

18' Nautica with Yamaha 115 four-stroke outboard motor and includes the following: Center console, GPS, VHF radio with fold-down antenna, compass, depth sounder, polished stainless steel rails and lifting bridle. - **Total refit in 2015 including Garmin GPS and Fusion Stereo New in 2015 and Engine Service**

Exclusions

2012 35' Scout Tender is not included unless negotiated

All owners and crew's personal belongings; a detailed list of exclusions will be provided at the time of sale upon request.

Additional exclusions below:

- Two Turtle Paintings in Salon
- Centerpiece Painting in Salon near Formal Dining Table
- Turtle Sculpture in Skylounge
- Mermaid Sculpture at Captain's Desk in Bridge
- Wyland painting in Port Twin Stateroom
- St. Lucia Painting in Port VIP Stateroom
- Wyland Painting in Starboard Guest Stateroom

Exclusions

Owner's personal belongings.
