SPECIFICATIONS

Overview

Ziacanaia is launched by Ferretti Custom Line in 2011 and is part of their collection of fibreglass maxi-yachts, the

Navetta 33 Crescendo.

At first sight, the semi-displacement, fibreglass yacht evokes the vision of quality, luxury and sophisticated

elegance typically associated with this line of yachts. A well balanced palette of tones, shapes and

materials are combined into a highly refined design which offers modern comforts and classical finesse.

Ziacanaia is the result of a close working relationship between Rome-based Studio Zuccon International

Project, the AYT – Advanced Yacht Technology, the Ferretti Group's in-house naval research centre, and

the team of architects and designers at Ferretti Group's highly accomplished Centro Stile. All interiors are

made by Fendi.

Ziacanaia can best be described as a refined combination of a classical exterior with a harmoniously

contemporary interior. Being a part of the Ferretti Custom Line, it goes without saying that the interior

design of the Navetta 33 Crescendo can be entirely customized according to the owners wishes. Nonstructural

details like furniture and fabrics can be adjusted according to the owners preferences.

Ziacanaia stands out for her full three deck configuration, each deck being integrated into the lines of

the vessels exterior design. Compared to the previous model, a large sun deck has been added and the

superstructure has been completely redesigned resulting in various added possibilities

at guests' disposal.

Accessible either from the main inside staircase or directly from the aft main deck, the upper deck is

split into the helm station, a living/dining area and outside space. The living area provides remarkable

views due to extensive application of full-sized, round windows, which also house a clever construction of

sliding doors. The owner's cabin is on the main deck and she has sauna and gym on the lower deck.

From the upper deck, the sundeck can be reached, offering guests the possibility to enjoy the large

sunbeds, circular Jacuzzi, bar and grill unit. A versatile aft area can be set up to house various water toys.

She has been only in private use and she has been never available for charters.

Basic Information

Category: Motor Yacht

Model Year: 2011

Year Built: 2011

Country: Italy

Fly Bridge: Yes
