Accommodations

Total Cabins: 3

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: 3406E

Fuel Type: Diesel

DETAILED INFORMATION

Specifications

Exterior:

The subject vessel is a production built President 63 Skylounge power boat. The hull is a hard-chine design with a shallow $\frac{3}{4}$ length keel, lifting strakes, a raked and flared bow, and a plumb transom stern fitted with a swim step. There is a short foredeck followed by a Portuguese bridge and ample side decks leading aft on either side of a raised pilothouse with entry doors to port and starboard, thence to a step down and aft on either side of the main cabin. Doors aft to port and starboard open onto the raised California deck, which is fitted with forward-facing bench seating with pedestal table aft on centerline, and steps to starboard accessing the swim step. A watertight door on centerline in the transom opens onto the lazarette and engine room. A boat deck extends outboard and aft from the pilothouse to cover the side decks and California deck. Stainless steel (S.S.) rails surround the main decks and boat deck.

Interior: *Lower Deck:* In the bow there is a chain locker. Moving aft through the vessel, there is a VIP stateroom fitted with a raised Queen berth forward, drawer and locker stowage outboard to port and starboard, two hatches in the overhead, and a doorway aft to port opening onto a head compartment. A passageway leads aft on centerline with the head to port, a guest stateroom to starboard followed by steps leading up to the main deck, and the master stateroom aft. The guest stateroom is fitted with over/under single berths, and drawer and locker stowage. The guest head is accessed from both the VIP stateroom and the passageway. The master stateroom is fitted with an island King berth aft on centerline, a short settee forward to port followed by hanging locker and drawer stowage, and a sit-down vanity with mirror forward to starboard followed by the master head. The master head is fitted with a 12 VDC toilet, a large sink/vanity and a recessed Jacuzzi tub.

The engine room extends from the master stateroom aft to approximately mid-salon and is followed by a utility space fitted with stowage, the washer/dryer and batteries, with access to steering gear aft.

Main Deck: The main dining area is forward and is fitted with a C-shaped settee with pedestal table on centerline, steps outboard to port leading down to the lower deck accommodations, doors to port and starboard accessing the side decks, and the U-shaped galley aft to port. A passageway to starboard of the galley leads aft and down two steps to the salon and steps outboard to starboard lead up to the pilothouse. The salon is fitted with a large entertainment console forward on centerline, with a fire place under, open accommodations outboard to port and starboard, and sliding entry doors aft accessing the California deck.

Pilothouse: The pilot house is fitted with a full-console helm station forward on centerline, doors outboard to port and starboard accessing the side decks, a raised L-shaped bench seat with pedestal table aft to port followed by a day head, and a counter with sink and ice maker aft to starboard.
