SPECIFICATIONS

Overview

The 31 Pursuit is a tournament bred center console with a high-performance deep-V hull and a full array of top-shelf amenities—a beautifully styled fishing machine built to the highest industry standards. The market for big center consoles has been extremely competitive in recent years, and the C 310 established herself early on as one of the leaders in her class. With a slender 9'6" beam and a sharp entry, acceleration is quick and the C 310 is known for her rough-water performance. Standard features include an integrated dive platform with ladder, 52-gallon lighted livewell (aft section of helm seat base), molded bow seating with storage under, lockable rod storage, leaning post with flip-up bolsters, fresh/raw-water washdowns, walk-in console with marine head, insulated fish boxes (two in deck, one at the transom), anchor locker, transom bait-prep station with sink, tackle drawers, folding rear seat, pop-up cleats, cockpit bolsters, transom door, and recessed bow rails. Note the C 310's stylish wraparound windshield and thru-stem anchor system with standard windlass. A fast ride, Yamaha F250s reach over 40 knots wide open.
