# SPECIFICATIONS

---

## Overview

---

This 52' Hi-Star has been well cared for and updated. For virtually her entire life she has been moored undercover - currently on Lake Union. The layout has a nice flow and all areas are very comfortable. (2) staterooms plus additional berths are found on the convertible dinette, salon sleeper sofa and aft deck hide-a-bed. Added comfort is provided by (2) Webasto diesel furnaces for heat throughout - including the aft deck and flybridge. The cockpit space is great for the outdoor lifestyle and well suited for Northwest cruising and would make a comfortable liveaboard. The high quality of a Hi-star can be found throughout.
