Broker's Comments

This 52 Xanthos is kept in stunning condition – enjoying two particularly fastidious Owners from new. As good as it gets for performance motor-cruising in an absolutely top-drawer environment.

Never in the sun, her paint is pristine and her interior is simply spotless. A truly lovely boat.

Owner's Comments

Intuition is the fourth Windy that we have owned. All have been great boats and lovingly cared for.

The first owners of Intuition now own another Windy 52. They sold Intuition (then Motivation) to the Windy factory at the time they purchased their new one in around 2010/2011. Having bought a previous boat from the same owners we knew that Intuition would have been meticulously looked after. Intuition underwent a complete review and health check and also was completely painted in the Windy factory in Sweden in 2011/2012. When we saw her at Windy in Sweden in Dec 2012 she looked like a brand new boat. The reason for the paint was only due to some minor discoloration on the original gel coat but as Windy is a high grade boat builder they felt it necessary to complete.

Everything that needed doing had been attended to. The inside of the boat was and still is in its original form, really showing how well looked after she has been. Both the original owners and we have maintained her meticulously and whilst under our ownership she has been regularly maintained by both Berthon and SAL Maine, the Lymington based Volvo Agents. Many people that we meet on our travels have commented on her, how fabulous she looks and they simply cannot believe she isn't a brand new boat.

As we have a home in Lymington, she has been used mainly as a day boat. Our busy lives has meant that she has only been used to live aboard on the odd occasion that we ventured further afield. The rear cabins have only ever been used on 1 or 2 occasions in her whole life.

We can vouch for the fact that she is not only a beautiful looking boat but she is very capable at sea. She is very safe and extremely comfortable underway, also in tough conditions. She is much faster than her competitors and her build quality is truly remarkable, second to none.

We have loved every minute of owning her and we are extremely proud of her.

Needless to say will be very sad to see her go. She is by far the best and most complete boat we have owned over many years.

Construction

Windy are a product of traditional craftsmanship, enhanced with the aid of modern technology. The latest technological innovation is the Wintec hull concept, which gives improved performance, greater strength and reduced noise throughout the vessel.

All the Windy models are CE-labelled. This means that Windy meets all the requirements laid down for quality control documentation and product liability within the EU. In the process of obtaining approval, the company has also introduced new methodologies, construction principals and more advanced construction production equipment, resulting in more cost-effective and quality oriented processes in-house. But above all, Windy is a “Boat Builder” and not a manufacturer of boats, a philosophy which characterises their production staff and all those within their distribution network.

- Modified deep-v hull with mono-hedron hull construction.
- Lightweight PVC foam girder stiffening system.
- PVC foam sandwich construction in hull, superstructure and deck.
- GRP laminate with advanced multi-axial fibreglass mats.

Engine Configuration & Machinery Details

The D12 is one of Volvo’s most successful engines ever. A perfect combination of total reliability, outstanding performance and comfort-enhancers that has set a standard other manufacturers wish they could match. Many sports cruisers & fly bridge yachts from the world’s leading boat builders are powered by the D12.

- 2 x Volvo Penta D12-800.
- Propeller shaft kw/hp – 553 / 752.
- Crankshaft kw/hp – 570 / 775.
- Displacement – 12.1 L.
- Rated rpm – 2300.
- No of cylinders – 6.

- Engine hours – Circa 822hrs as at October 2015.
- Last serviced 2015.

Features:

- Turbo with electronically controlled waste gate.
- Electronically controlled unit injectors.
- In line 6 cylinder.
- Electronic controls.

Thrusters, Drives & Rudders:

- Direct shaft drives through half tunnels.
- 4-blade propellers, stainless steel shafts, bronze brackets.
- High-performance bronze rudders and struts.
- Cathodic bonding system to anodes.
- Stainless steel trim tabs.

Performance

REVS, KTS, L/NM, L/H, DBA

1000, 12.0, 4.83, 58, 72

1200, 16.4, 5.12, 84, 74

1400, 21.4, 4.95, 106, 76

1600, 26.3, 4.14, 130, 78

1800, 30.1, 5.51, 166, 80

2000, 33.8, 6.15, 208, 80

2200, 36.6, 7.21, 264, 84

2350, 38.8, 7.89, 306, 84

Note – These figures are taken from Volvo tests and are intended as a guide only.

Tankage

- 2 x 1000L fixed fuel tanks with filling points to port & starboard.
- Fresh water tank (400L).
- Hot water tank (75L).
- Holding tank (250L).

Electrical Equipment

- DC system (12V or 24V).
- AC system (110V or 220V).
- Mastervolt automatic battery charger.
- Mastervolt inverter.
- 7.5kW Onan generator (circa 320 hrs run as at October 2015.)

Batteries

- Engine/domestic batteries 5 x 115 Ah.
- Heavy duty batteries 180 Ah.
- Heavy duty gel batteries 400 Ah.

Arrangement from Forward

Forward Stateroom:

- Double berth with high-quality sprung mattress.
- Skillfully crafted woodwork.
- Full hanging wardrobe.

- Overhead lockers.
- Lockers for personal items.
- Fitted carpet floor.
- Bedspread.
- Reading lights.
- Overhead halogen lights.
- Opening portholes with mosquito screens.
- Blinds.
- Deck hatch with mosquito screen and night screen.
- Drawers for storage.
- 240V / 12V socket.
- Direct access to forward heads and shower room.

Forward Stateroom En-Suite Shower & Heads:

- Counter top in high-grade composite material.
- Wash basin with hot and cold water.
- Electric toilet.
- Separate shower.
- Teak grating on shower floor.
- Glass holder and soap dish.
- Towel rack.
- Overhead lockers.
- Mirror.
- Overhead halogen lights.
- Opening porthole with mosquito screen.
- Blinds.

- Extractor fan.
- AC socket for shaver or dryer (240V).

Starboard Centre Guest Cabin:

- Hanging wardrobe.
- Fitted carpet floor.
- Bedspread.
- 2 x reading lights.
- Overhead halogen lights.
- Opening porthole with mosquito screen.
