SPECIFICATIONS

Overview

Sea Wonder is a ketch of 28.60m and one of rare beauty due to its large internal volumes and surfaces as well as external areas. Sea Wonder has undergone an extensive update of the interior, the navigation equipment (with an eye to safety) and deck accessories. The interior includes a spacious lounge with large windows overlooking the sea, four cabins of which a beautiful owner's cabin aft overlooking the transom typical of the Jongert style, a double room and two guest cabins with two twin beds plus one pullman. Each cabin has a private bathroom and private entrance. As for the external areas they lend themselves to spend relaxing moments either dining or sunbathing on the flybridge. The flybridge is indeed a unique feature of this Jongert, usually found only on motor sailor of over 35 meters long.
