Hull Material: Fiberglass

Deck Material: Fiberglass

Hull Configuration: Modified V-Hull

Engine Information

Engines: 2

Manufacturer: Volvo

Model: D6-370I-A

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walk Through

The 3200 Open boasts a “do it all” layout. Capable of fishing and cruising, the 3200 offers performance and comfort typically found on larger yachts. The cockpit features a retractable bench across the transom, as well as an aft facing bench on the port side. This versatile layout allows the large cockpit to function well fishing or relaxing with friends.

On the bridge deck the 3200 features the popular raised L lounge on the port side and the helm bench on the starboard. The black dash reduces glare and allows plenty of space for the NEW Garmin electronics package, Volvo digital gauges, and bow thruster control!

The interior does not disappoint. Tiara maintained the traditional layout with a berth forward and a settee to starboard that can convert to a double lower berth and single upper berth. With a full galley and head to port the interior of the 3200 feels open and spacious. The upholstery and hardwoods throughout the interior give the interior an appealing, rich feel.

When underway the 3200 is impressive. With the upgraded D6 Volvos (370hp) this boat is capable of cruising at 30kts. With the sharp entry and 18° deadrise the 3200 feels confident and comfortable even in rough water.
