The vessel is entered either through the transom door or via gates in the rails on the port or starboard side deck. Custom seating on the Aft Deck offers both built in and loose seating. The Aft Deck is well covered by the extended Flybridge deck above. The Flybridge is fully enclosed and reached via molded stairs.

A "Trend" stainless steel trimmed sliding glass door opens to the Salon from the center of the Aft Deck.

Ultra Leather curved seating and high gloss cherry joinery make for a very open and inviting Salon. Forward and up two steps is the open Galley to port with a curved dinette to starboard.

Continuing forward are centerline steps to the accommodations area. To starboard is the VIP with double berth. To port is a cabin with twin lower berths. Next forward is a locker with the washer and dryer followed by the Guest Head shared by the two Guest Cabins.

## Remarks

---

Near the end of the production run of this popular model, UNDERDOG benefits from nearly every improvement offered. She has the preferred sleeping arrangement (with no bunk beds). The Galley is one of the nicest offered and includes an ample Dining area. One look at her sisterships will convince you the Salon is the most open and accommodation layout offered. The Bridge too, has improvements over older models (note Helm photos). Priced like her sisterships but it will be hard to find a nicer example of a 55' Neptunus. New décor, new electronics, both navigation and entertainment, TNT lift, new Flybridge enclosure, etc, etc.

---

## Exclusions

---

While every effort was made to list all pertinent included equipment aboard UNDERDOG, there are some personal belongings aboard. Prospective purchasers should assume any item not specifically mentioned herein will not convey at closing.
