---

## Exclusions

---

Owner's Personal Property

---

## Remarks

---

The Haymaker was custom built and delivered to her current owner in 2009. The attention to detail of her build and her current condition are truly stunning. She has had very light use, mainly in New England during the summer. Her Common rail MAN 900s have had the 1000 service completed and give her a cruise speed into the mid 30s with a nice soft dry ride. Owner is moving up and priced her to sell.

---

## Exclusions

---

Owner's personal belongings.
