"Risky Business" has been further enhanced by a complete interior refit 2013-2014. Additional features include new exotic Blue Quartzite stone counters throughout, office area with custom cabinets and work station outlets in lieu of the starboard side dinette, an enlarged galley counter for extra storage, additional engine room sound insulation, additional cabinet storage in the VIP forward stateroom, additional opening ports in the "His and Hers" split master head, maple crown molding, fly bridge custom stone wet bar, fly bridge grills, fly bridge refrigerator, ice maker, LCD TV, new Bluewater tables, large custom fly bridge storage cabinets, and half tower.
