SPECIFICATIONS

Overview

EREHWEMOS, like all Outer Reefs, offers luxurious amenities while cruising in comfort and safety. She has excellent sea keeping and long range capabilities!

MECHANICAL/SYSTEMS

- Twin Caterpillar C9 – 503 BHP at 2500 rpm (Engine hours to date 1410)
- 2 x 24v Start battery banks, one for each engine with parallel capability and charged via a Victron Centaur 60 amp charger
- Glendinning electronic engine controls in pilot house and fly bridge + remote control on umbilical cord allowing full engine and thruster control from any part of the boat. Back up control system for redundancy.
- Gear boxes – ZF305-2A
- Propellers – ZF 32.25” diameter 4 blade manufactured and maintained to S class
- Steering – Hynautics hydraulic steering
- Trac 220 stabilizer system with 7.5 sq ft fins driven by a single gearbox mounted hydraulic pump off the starboard engine
- Side Power 24v electric bow and stern thrusters with proportional and “hands off” control
- 1x Onan 13.5.5 Kw MDKBP-5182C generator – 240v @ 50hz – (1290 hours)
- 1 x Onan 17.5 Kw MDKBR-4667094E generator – 240v @ 50hz – (1280 hours)
- Generators have functional start/stop and readout displays in the pilot house
- FCI - Max Q water maker model MQ1826S capable of 250 litres per hour with integrated fresh water flush cycle
- 800kg Aritex davit with fully automated functionality including extendable tip and wireless remote.
- C-Zone backbone monitoring all diesel, water and black tankage levels, bilge alarms, electrical system etc fully functional displays are located in the pilot house, engine room and master cabin.
- Cruiseair independently controllable air handlers to each area (accommodations, pilot house and salon) with LCD control screens in each cabin/area, the system is capable of heating, cooling and de-humidifying and can be powered via the inverters during quiet ship operations

TANKAGE

- Fuel – 6876 litres
- 2 wing tanks in engine room 2088 litres in each
- 2 wing tanks in lazarette 1349 litres in each
- Tank – Aluminium
- Water – 1208 approx litres in one central tank under master stateroom

- Tank - Stainless steel
- Holding Tank - 378 litres
- Tank - GRP
- Fuel and water tanks are monitored by visual tank display Tanker Tender and the C-Zone system

ACCOMMODATIONS AND LAYOUT

- 3 cabin layout
- VIP guest cabin forward, double with ensuite, wardrobes, bed on lifter for extra storage below
- Bunk cabin with three singles
- Master cabin has a full size king with private ensuite and shower, wardrobes, draw and hanging storage, bed on lifter for extra storage below
- The master cabin has thru access to the engine room via double doors for sound insulation
- Each bed is fitted with custom fitted bed linen, duvets and covers
- Interior wood work is in American Oak with a matte/satin finish

MAIN DECK

- The aft deck features an 8 seat varnished teak table which is adjustable both sideways and in height
- A three seat built in settee faces forward with plenty of room for additional chairs
- A sink with hot and cold water and bar fridge are located to port
- From the aft deck entry to the salon is via double doors
- A 5 seat settee with return to port, height adjustable dining table and 2 seat breakfast bar
- Large windows allow plenty of light into the space with retractable blinds for privacy
- Moving forward two steps up to the well appointed galley, then on to the pilot house with separating door
- The pilothouse features a single Stidd helm chair upholstered in Nautihide with banquette and table
- Pilothouse table is height-adjustable and drops to become a day bed/bunk
- From the pilot house stairways lead down to the accommodation deck or upstairs to the flybridge

FLYBRIDGE

- The fly bridge features a Nautihide Stidd helm chair
- A sliding adjustable table is to port with settee seating for 7
- To starboard is a sink with hot/cold water and a “dumb waiter” making transfer of items between the galley and flybridge effortless
- All instrumentation is fully functional from the flybridge including autopilot, engine

controls, bow/stern thrusters and full navigation data display through the Raymarine E120 screen

- Also on this deck is a bar fridge, stainless steel BBQ.
- Access to the hard top is via a stainless steel ladder which is stowed under the dash when not required

LAZARETTE

- Is accessed via either of the aft deck stair cases to the swim platform, a water tight door with double dogs leads into the lazarette and utility area then forward into the engine room
- A head to starboard shower is located immediately to port for rinsing and wet gear storage
- The lazarette has 2 x generous Fisher and Paykel draw fridge/freezers, along with a Scotsman AC106 commercial ice maker
- Watermaker and associated filters
- 8 of the 12 AGM Lifeline maintenance free house bank batteries are draw mounted for easy access (4 more located under engine room walkway)
- There is also a small work bench additional storage for tools in overhead storage bins and cupboards and space for an additional outboard engine, shore power cables etc when not in use
- Before entry to the engine room are the two wall mounted Victron Quattro 24v 120 amp inverter/chargers operating in a master/slave configuration

ELECTRICAL

- 2 x shore power inlets and cables with 240v - 50 amp single phase connection
- Main electrical distribution panel with gauges and circuit breakers for 240v/24/12v circuits and remote generator start/shut down and readouts in pilothouse
- 2 x Victron Quattro 24v 120 amp inverter/chargers operating in a master/slave configuration
- Service bank of 12 x lifeline AGM 8D service batteries, 1530AH capable of running “quiet ship” overnight including the air conditioning
- The service bank is charged by the Victron Quattro inverter chargers or the main engine alternators
- 1 x Victron Centaur 12v charger dedicated to the two generator start batteries
- 1 x Victron Centaur 24v 60 amp charger for engine start, bow thrusters and windlass batteries
- Bonding to all underwater fittings and shafts with zinc anodes
- Cantalupi lighting fixtures through out including underwater lights on transom
- Vimar light switch panels and dimmers throughout

GALLEY AND APPLIANCES

- Large double door stainless steel Samsung fridge, freezer and ice maker with water and ice dispenser

- Broan trash compactor and Insinkerator waste sink disposal
- Miele 3 hob induction cook top
- Bosch convection microwave/oven, Bosch warming draw, Miele range hood with exterior ducting, large stainless steel sink with Grohe tap ware
- Fisher and Paykel dish draw
- Stainless steel inbuilt gas BBQ on flybridge
- Elba bar fridge located on flybridge and on aft deck
- Miele washer and separate dryer
- Scotsman commercial ice maker in lazarette
- 2 x Fisher and Paykel draw freezers in lazarette
- Beam central vacuum system with connection point through out

ENTERTAINMENT SYSTEM

Main Salon

- Full Bose lifestyle sound system allowing separate streams in main salon, aft deck, pilothouse and flybridge with RF remote control access in each area
- “Pop up” 42” Samsung flat screen TV
- KVH – M7 Trac Vision system provides digital TV signal to all TV’s
