DETAILED INFORMATION

Description

Vessel Walkthrough This Carver 500 is a great hull design and utilizes every square inch of the vessel for storage. With a sizeable aft cockpit and an enclosed aft deck it allows for guests to be outside enjoying the weather or protected in a climate controlled environment. The bridge is positioned nicely above the aft deck cockpit which makes for a good line of sight while commanding this vessel. This 3 stateroom and 2 head layout is ideal for long weekend cruising.

The spacious salon has a big couch on the strbd side and a settee and table on the port side. The TV is located on the port side. Plenty of storage makes it ideal for provisioning for long weekend cruises.

The birth fwd is very spacious and has its own head off the strbd side. The Vbirth has maple finished cabinets with storage lockers. VIP and this room are finished out with Maple wood and carpet floors.

The full beam master located aft is very spacious. Maple drawers and hanging lockers are placed throughout the master. With a large queen bunk, overhead lighting, and climate control this master is sure to provide all the necessities one could want in a yacht. The head is located off the stbrd side and has both a head and shower separated by a sink. The head and shower both have their own doors ensuring privacy for the user. With a sliding companion way door located on the aft deck bulkhead it makes for easy access to the cockpit.
