SPECIFICATIONS

Overview

This is an excellent condition 2011 Hampton 630 Sky Lounge Motor Yacht with very low hours. It has been professionally maintained by her one owner with engines, transmissions and generators serviced by Caterpillar in April, at which time the vessel was also slipped for antifouling and prop speed. This vessel presents as new. Satin finished Cherry wood interior sets the tone with leather upholstery upon entry into the Salon. Chilled water keeps you comfortable throughout. Twin Pompanette helm chairs with stainless pedestals in the Sky Lounge. There are three Staterooms below with a His and Hers ensuite in the King-sized full beam Master Stateroom and an ensuite off the Queen-sized Forward Stateroom. Ensuite counters and floors are in Marble. The Mid Stateroom has twin beds. A fully equipped Miele Galley is placed forward with a 6 seat formal dining area amidships. The large Salon leads to a roomy Aft Deck area. The Galley counters and floors are in Granite. Power is courtesy of twin Caterpillar C-18 diesel engines rated at 873hp. are fitted to assist with berthing. Wesmar stabilisers are specified for added comfort and stability when underway. Twin Caterpillar generators with 22.5 & 13.5 kva were optioned for the auxiliary power. 5500 litres fuel tanks, 1500 litres freshwater capacity and a 378 litre holding tank. There is a superb Raymarine electronics package fitted, with 3 x E 140 displays, a 48nm radar, GPS, Autopilot and a comprehensive ST60 instrument package. A very good security system has also been installed. Entertainment systems on board are provided by twin Bose Lifestyle 48 units with throughout the boat. There is a Steelhead davit for launching and retrieving the as new BRIG 330 RIB tender with 20hp Honda outboard. This Hampton 630 Sky Lounge would suit a new boat buyer not wanting to go through the waiting time for a new boat. It is in turn-key condition, ready to cruise. Inspection by appointment is available at the vessel's Hope Island berth. Please call Andrew Coffey on 0416 045 142 to arrange inspection.
