SPECIFICATIONS

Overview

VIRTUAL REALITY, the distinctive Sea Ray 500 Sundancer mid-cabin combines impeccable lines, luxurious comfort, and unconditional seaworthiness. The 500 Sundancer is designed for serious cruising in uncompromised comfort. At the helm station, an adjustable captain's chair faces a wrap-around instrument console. Adjacent to the swivel helm seat is a large padded bench. The large, open cockpit provides a wet bar for refreshments, comfortable wraparound seating for eight, and a custom-engineered digital cassette stereo system with four speakers and cockpit remote control. Down four steps, the salon features a plush circular sofa with a convertible cocktail table - ottoman which can be raised to form a convenient dining table. An advanced stereo system, featuring cassette and compact disc, is acoustically matched to the interior to provide custom-equalized sound. A custom-built breakfast counter with padded bar stools separates the salon from a fully appointed walk-in galley with refrigerator - freezer, three-burner cooktop, and microwave. Portside, across from the galley, the guest stateroom includes a double bed with upper berth, cedar hanging locker, and full head with vanity and shower. Forward, a comfortable settee and a queen-size bed with custom designed sheets and bedspread grace the master stateroom. Cedar-lined hanging lockers with mirrored doors and a large mirrored dresser are included. The en-suite master head has a ceramic tile floor, VacuFlush head, vanity, and shower with a built-in seat. VIRTUAL REALITY is currently in heated storage in Buffalo, NY. Best equipped fresh water Sea Ray. New bow thruster 2012, new complete camper and enclosure 2013, three satellite receivers, newer autopilot, TNT lift, gold accent package.

- New complete Bimini and camper top enclosure in 2013

BROKER'S REMARKS

VIRTUAL REALITY has spent more than 80% of her time in Fresh Water in the Great Lakes and was kept in heated storage for many years including her current location in Buffalo New York. With low hours on her 625hp Detroit DDEC's, she can run comfortably at 20 knots plus below 1900rpm, where lower powered 50's are running higher rpm. She also has less than 800 original hours on her generator and was ordered with the optional gold package, has the full size TNT lifting extended swim platform, and in 2012 a new bow thruster was added for ease of operation. In the spring of 2013, a complete new bimini and full camper enclosure was added and gives the yacht a more contemporary look, with complete detailing and waxing in August 2013. All dash panels at the helm were replaced in June 2012, in conjunction with other upgrades including a newer autopilot remote and exterior stereo system. She has two new flat screen TV's yet to be installed, and three satellite receivers. Current owner has purchased larger yacht.
