SPECIFICATIONS

Overview

This 41 Regulator is our Demo boat and is for sale at Demo pricing. Call your Sales Representative now for an unbelievable price!

ONE SOLID HULL The power of one solid hull is ultimately felt offshore. When nothing is moving beneath your feet, you know you are on a boat built to handle the high seas.

ONE SOLID STRINGER Regulator's signature stringer is one solid piece of fiberglass, handcrafted without an ounce of wood, then bonded to the hull. This creates the strength and rigidity you need to take on any offshore condition with ease.

LOW CENTER OF GRAVITY The weight and depth of our hull and stringer guarantee a lower center of gravity. And a lower center of gravity gives you better performance in every ride. Add a seamless walkaround deck, perfectly-fitted console, and clean surfaces throughout for the fit & finish that only Regulator can deliver.

Take your offshore experience to the next level with the all-new Regulator 41. It's got more of everything you've come to expect with incredible deck space, huge livewell and fishbox capacity, and storage at every turn and Quad Yamaha F350 4-Stroke Engines w/Digital Electronic Controls and Yamaha Helm Master. The air-conditioned helm station delivers ultimate comfort and the deluxe cabin features a convenient galley kitchen, double berth and spacious head with shower. It's everything you've ever wanted in a luxury sportfisher, with the legendary fit, finish & ride that only Regulator can deliver.
