SPECIFICATIONS

Overview

Section 37 is a sturdy, pedigreed yacht with five owners' and guests' cabins; four heads; a spacious on-deck galley; an additional lower-deck galley services and pantry area; a huge fly bridge and dinghy deck; full function fishing cockpit; and a strong list of mechanical equipment and special features. The cockpit extension on these fine Hatteras yachts has proven to be very popular and Hatteras added this cockpit as part of the original construction process, along with auxiliary fuel tanks and fuel management system.

The interior of this 85' Hatteras was highly customized for the original client, an International Luxury Goods provider, and has a very nostalgic New York city piano bar theme, including piano bar, highly customized lighting linked to the stereo system and a lighted dance floor (currently carpeted).

The current owner of 14 years has upgraded the galley, some systems and electronics, and re-configured the forward crew area to galley and laundry services area plus two guest cabins and a shared head. Due to a change of lifestyle and lack of use, the owner has made Section 37 available for offers. Any need for repairs are negotiable. **DS**
