ХАРАКТЕРИСТИКИ

Обзор

This is a boat for a discriminating yachtsman

An Ideal trawler style vessel with long range (up to 1,000 NM at 6 kts)

Fully air conditioned with 2 separate systems, and 8 KW Generator

Bow thruster w/ joystick control

Continuous SS Safety rails around entire vessel

Large central Pilot House - for all weather conditions w/ opening windows

Huge Galley - loads of storage

Private Owner's suite with Centerline Queen berth

Separate Guest cabin with 2 single berths

Forward and Aft cockpits (Twin cockpit design)

Extremely safe and stable with self-righting capability - fully ballasted hull -

Keel protected propeller & rudder

Island Packet PolyCore Decks

Full electronics package

CE Category A - Ocean rated

Low Engine and Generator Hours

Here is a new choice in power boat cruising, the PY Cruiser. Featuring the comfort, livability, offshore capability, superb quality at an exceptional value.

Whether you're exploring coastal waterways or making extended passages, the award-winning SP Cruiser offers all climate comfort with efficient and stable motoring.

CE Category A Ocean rated - opening windows in the enclosed deckhouse offer panoramic views, while the center windshield panel hinges upward to

allow socializing with family and friends in the forward cockpit

Please contact Listing broker to discuss further, or make an appointment to see this vessel.

(50 Gallons) Holding Tanks

Accommodations and Walk Through

Number of Double Berths -1

Number of single berths: 3

Number of heads: 1

Vessel Walk Through-

Entering from the aft cockpit - The deckhouse has a central helm and L-shaped settee and table, and a panoramic view through large, offshore rated safety glass windows for both the helmsman and guests. The side and rear windows slide open for ventilation, also a large Lewmar hatch over helm seat with as well as a center forward windshield section hinges upward for further ventilation and contact with guests in the forward cockpit.

Both overhead and bulkhead mounted lights provide the lighting after dark. The Island Packet has provided the boat with ample hand holds, helm guard, storage cabinets and a book rack to round out the cabinetry in this area. A beautifully varnished hardwood sole, upholstered headliner and teak valances over all windows add the finishing touches.

Forward of the Pilot House is a large spacious Galley . It is easily accessible to the Pilot house, and 3 steps down, but completely open to pilot house for convenient conversation.

Moving forward into the private owner's stateroom is a queen sized island berth , extensive cabinetry and access to the Head w/shower

Just aft of the head , and accessed from the Galley area, is an office/vanity with varnished teak desk and tray storage under hinged lid, this area would be great to set up an onboard office and computer if needed. A moveable upholstered seat, overhead lighting and easily accessible storage along with slip-resistant molded diamond pattern sole finish this space. This is not a dark out of the way space, this area has its own opening port and is flanked by the head forward, the galley behind and aft cabin to your right.

Further aft is the guest cabin with twin berths and storage areas. Access to the engine/machinery is provide by the inboard berth lifting with gas support struts to provide full access to the engine and all of the mechanical systems relating to it. Extensive gasketing and sound insulation has been used to minimize sound levels when under way.

The last of the interior spaces is located beneath the wheelhouse sole and is accessed by a door in the galley. This is a dedicated mechanical and storage area containing the generator, batteries and refrigerator compressors with plenty of room to store items such as folding bikes

Staterooms

Forward stateroom-

The owner's stateroom Features a queen sized island berth complete with a five-inch innerspring mattress with quilted pillow top. The aft end of berth is on gas support struts to access blanket tray with a cedar-lined drawer beneath. This berth is flanked by two large cedar-lined hanging lockers with shelves over and extra height rods outboard (port side) as well as two bureaus with shelves over. To complete this area is full length

hinged mirrored door that provides for a 7' tall hanging locker. Three opening ports and a large Lewmar hatch with OceanAir screen and shade provide plenty of ventilation in this area. Varnished teak cabinetry, bulkheads and trim with Berber-style oatmeal color marine carpet on sole provide the owner with a most comfortable home away from home after a long day on the water

AFT Stateroom:

The aft cabin contains wide twin berths with five-inch innerspring mattresses with quilted pillow tops. There is a teak privacy door separating the galley/office area from the aft cabin. There is a large cedar lined bureau (with removable shelves for use as hanging locker) with an open shelf space above. There is storage both under and aft of outboard berth. A light colored high-pressure laminate was used on some of the surfaces to give a more open feeling to this space with varnished teak cabinetry and trim to provide a richer feel and to add accent and definition. With opening ports both fore and aft your guest will be quite comfortable.

Head: The uniquely designed head compartment provides dual access enabling the owners a private access to the head. This is a large area contains a separate shower stall with shower seat. There is a stainless steel rod in shower area which can be used for hanging wet items. Molded vanity top with integral sink, molded contoured counter outboard of toilet all help to make for easy cleaning. Light color laminate was again used in the head area to make for a bright, open feeling in this space. Ample storage cabinets are located below the sink. An opening port adds to the ventilation and light in this area. A large mirror above the sink and a tile patterned molded slip-resistant sole help to round out this area.

Pilot House

Operation of the PY Cruiser is easy and comfortable with a centerline helm console and matching captain and companion chairs. There is a large console forward of wheel for engine controls and instruments, chart drawer outboard, large, flat console area forward of passenger seat for navigation activities, cup/mug holders and space for optional navigation instrumentation : this, together with a panoramic view through eight windows and a large aft door, allows for optimum control of the helm. Both helm chairs swivel aft to face the L-shaped settee and fold out dining table, making for a wonderful social center for meals or for entertainment activities. The table is pedestal mounted with folding leaves for dining or entertaining as well as providing easy access to the helm and L shaped settee with storage under

There are two speed windshield wipers and washers for three forward windows

Galley

The Galley features a center island and walk through design, and laminate countertops with varnished teak sea rails on port & starboard sides as you pass thru. The cabinet faces are all treated with a light colored laminate with varnished teak trim to provide both easy maintenance and a bright airy feel. Both the fridge/freezer compartments have drop front lids and gas support struts for easy access.

Dual Frigoboat Keel Cooler refrigeration/freezer systems with individual digital controls standard (both compartments may be individually adjusted for use as refrigerator or freezer).

The combination of a Force 10 LPG stove with oven/broiler - deluxe safety type with stainless steel sealed burner top, lift-off cover, stainless

Built in microwave oven

Double stainless steel sinks, hot & cold pressure water tap with retractable spray unit and a pull-out trash bin all help to make clean up an easy one.

There are ample dish racks & cutlery drawers as well as generous overall storage to provide the owner with a galley that would please a chef. This galley is in view of the helm as well as any passengers in the wheelhouse making for a very social area as are most kitchens today

- Frigoboat Keel Cooler freezer and refrigeration compartments (2)
- Microwave
- Propane stove and oven
- Center island with twin sinks
- Ample and commodious storage

Interior Summary

Select hardwoods, veneers and high pressure laminates for bulkheads, cabinetry and trim.

Louvered cabin doors, cedar-lined lockers and drawers

Furniture quality satin gloss varnish applied to all interior wood surfaces in a multi-coat process

Numerous overhead and bulkhead mounted handrails for added safety and security

Owner's stateroom with berth and privacy door to head compartment. Seven-inch innerspring mattresses w/quilted pillow top, large cedar-lined hanging lockers, bureaus and storage areas

Decor Package w/Mattress Covers/Shams

Navigation desk area with table and storage tray, panels for wide variety of dealer/owner installed electronics. Master AC and DC electrical panels in close proximity

SeaGull® IV water filter services cold water taps in heads and dedicated faucet at galley sink

Slip resistant sole in galley, nav area (diamond pattern) and heads (tile pattern)

Numerous chrome-plated cabin sidelights with individual dimmers, courtesy lights with remote rocker switch, dome lights in lazarettes, anchor locker, fridge/freezer compartment, and bilge

Forward owner's stateroom with island berth and privacy doors to galley passageway and head. Full length hinged mirror with mast cabinet access behind. Berber style marine carpet

Head compartment with separate shower stall. Stainless steel rod in shower area for use as wet locker

Office/vanity with desk and tray storage under hinged lid, upholstered stool

Aft cabin with twin berths, privacy door to galley/desk area. Cedar-lined bureau with removable shelves for use as a hanging locker. Engine/machinery access hatch under inboard berth. Berber style marine carpet

Galley with walk-through design, counters with designer high-pressure laminate and hardwood fiddles. Fridge/freezer compartments with drop front lids for easy access. Storage cabinet area available for dealer/owner installed washer/dryer, refrigerator or wine cooler

Stairs between galley and deckhouse removes for access to door leading to generator/machinery space under deckhouse. Deckhouse sole hatch aft for access to (optional) generator/machinery space

Over 300 cubic feet of storage capacity

Electrical and Electronics

Communications & Electronics

- Raymarine ST60 wind speed/direction/knot meter/depth sounder indicators mounted in sea hood
- Raymarine Autopilot ST6002 + S3G Type II Linear Drive Ram
- Raymarine E-120 GPS with remote control mounted on the electric panel
- VHF mounted on the electric panel with a remote mounted with a speaker at the helm
- Dell PC : small footprint computer mounted in the cabinet immediately under the helm (where the large screen monitor is mounted)
- TracVision is connected to the monitor as is the Raymarine E-120
- Radar mount on the rooftop that supports all antennae

Audio & Visual

- Flat screen TV with Direct TV
- Alpine Stereo XM Capable with Alpine Component Indoor Speaker

ELECTRICAL:

(5) group 27 AGM Batteries

UL pre-tinned color coded wiring

Electrical Panels (Deluxe PanelTronics panels with gauge

Mechanical

Engine Brand: Yanmar 4JH4-GHTBE Engine Type: Inboard Engine/Fuel Type: Diesel

Engine Hours: _____ Engine Power: 100 HP

MaxPower 8kW generator with sound shield

(1) Oceanaire A/C 16kW/10K BTU under center island, (2) Second unit mounted under seating in main cabin with reverse cycle heat

Techma macerator head with pump

6HP Bow thruster with joystick control

Muir Atlantic 1000 anchor windlass: reversible electric with deck & cockpit controls, 200' 5/16" chain & rope safety tail. Second anchor rode with 50' chain and 200' line

6 gal water heater

Cockpit and Deck

Wide integral bow platform w/exclusive IP designed and patented SeaSafe® anchor roller(s) for fully captive, low chafe chain/rode guides, quick anchor deployment and secure storage

Large anchor locker with overhead deck hatch (Lewmar® w/slip resistant surface), sealed bulkhead aft, drain to bilge w/shutoff valve, large, divided rode bins with hooks for lines/fenders/gear and Starboard® shelf to direct rode aft

Muir Atlantic 1000 Windlass

Recessed foredeck and wide side decks with cabin top handrail

Lower Rubrail Hi-Impact Vinyl w/Stainless Steel Striker

LPG deck storage bin with one 10-pound tank (plus room for spare)

Generous ventilation through numerous opening ports w/screens - polished s/s and safety glass, Lewmar® hatches with Ocean Air® screens and shades and Dorade style vents w/screens, plugs and guards

Mooring cleats, spring line cleats, chocks, flush mount chafe guards

Boarding/swim platform - hide-away swim ladder, hot and cold shower

Integral stern platform with transom door and emergency boarding ladder with pull strap

Deep cockpit aft of deckhouse with molded side seats (lockers under), steps to side decks, side rails, folding table, extended hardtop, transom door to stern platform, overhead light, gasket sole hatches with storage under

Mid-cockpit forward of deckhouse with full length seats, walk-thru steps to side decks, socket in sole for (optional) table

Continuous stainless steel bow and side rails to aft cockpit, side gates with quick release hooks

Hull and Deck

This vessel is unique with both an aft cockpit, and a forward "cockpit" recessed seating

area.

Wide integral bow platform w/exclusive IP designed and patented SeaSafe® anchor roller(s) for fully captive, low chafe chain/rode guides, quick anchor deployment and secure storage

Large anchor locker with overhead deck hatch (Lewmar® w/slip resistant surface), sealed bulkhead aft, drain to bilge w/shutoff valve, large, divided rode bins with hooks for lines/fenders/gear and Starboard® shelf to direct rode aft

Muir Atlantic 1000 Windlass

Recessed foredeck and wide side decks with cabin top handrail

Lower Rubrail Hi-Impact Vinyl w/Stainless Steel Striker

LPG deck storage bin with one 10-pound tank (plus room for spare)

Generous ventilation through numerous opening ports w/screens - polished s/s and safety glass, Lewmar® hatches with Ocean Air® screens and shades and Dorade style vents w/screens, plugs and guards

Mooring cleats, spring line cleats, chocks, flush mount chafe guards

Boarding/swim platform - hide-away swim ladder, hot and cold shower

Integral stern platform with transom door and emergency boarding ladder with pull strap

Deep cockpit aft of deckhouse with molded side seats (lockers under), steps to side decks, side rails, folding table, extended hardtop, transom door to stern platform, overhead light, gasket sole hatches with storage under

Mid-cockpit forward of deckhouse with full length seats, walk-thru steps to side decks, socket in sole for table

Continuous stainless steel bow and side rails to aft cockpit, side gates with quick release hooks

Special Features

Only The PY Cruiser Combines These Features

- Innovative twin cockpit design
- Self-righting : exclusive Full Foil Keel design offers combination of stability, safety, control and comfort

- Gentle keel entry : minimizes snags and impacts
- Protected propeller and rudder : minimizes fouling and impact damage
- One-piece integral hull and keel of 100% hand laminated high modulus knitted fiberglass infused with a proprietary pressure-fed application system. Light ivory gelcoat with urethane painted boot stripe w/matching rubrail.
- Triaxial knitted laminated, superior strength and impact resistance
- Exclusive materials technologies :**PolyClad3** exclusive gelcoat system for superior gloss retention/crack resistance and protection against osmotic blisters - 10 year limited warranty.
- Deck laminate features Island Packet Yachts' exclusive PolyCore®, virtually eliminating the potential for deck deterioration associated with other core materials. Includes a 10-year pro-rated limited warranty against deck core degradation or delamination, an industry exclusive
- Low, generous central tankage : more usable stowage and enhanced stability
- Recessed foredeck : on-deck security
- Patented Sea Safe anchor roller, fully captive, low chafe chain/rode guide: quick anchor deployment and secure stowage.
- Molded structural interior grid unit bonded with hull and interior bulkhead system to form unified structure.

Exclusions

Owner's personal items excluded

Manufacturer Provided Description

Since our founding in 1979, Island Packet Yachts has focused on building safe, comfortable, high quality cruising sailboats that have also become notable for their exceptional long-term value. This same philosophy that has made us Americas Cruising Yacht Leader has been fundamental in the creation of our first trawler, the new PY Cruiser.

The PY Cruiser is unique in that it features two cockpits (one aft, with a transom door to a large stern platform typical of many trawlers), plus one forward (similar to many mid-cockpit sailboats), a large enclosed helm station at the forward end of the deckhouse (with a large overhead hatch and opening central window adjoining the forward cockpit), and remarkable accommodations for a yacht of this size.

As is now increasingly popular, the helm station may be supplemented with an optional autopilot, providing the ability to steer the boat from virtually any location with a

wireless handheld control.

Below the waterline, the signature Island Packet Full Foil Keel® has been retained for its many attributes (moderate draft, low ballast center of gravity, protected prop and rudder, integral structural attachment, superb seakeeping, double bottom protection, etc.) and the PY's broader stern sections, with a flatter run and less deadrise, provide virtually level running under power, even at full throttle (8+ knots). The large fuel tank allows extended range under power with very economical fuel consumption (1,000NM @ 6+ knots, 700NM @ 7+ knots).

To minimize maintenance, exterior teak is used only on a few small step surfaces. Below decks a combination of varnished hardwood and Formica produce a bright and attractive décor. The deckhouse will have a varnished sole and stateroom areas will be finished in a natural colored Berber type marine grade carpet. The galley, nav/office and head/shower area will have low maintenance molded fiberglass slip resistant soles.

Lastly, and perhaps most importantly, the PY Cruiser represents one of the best values in cruising that we have ever offered. When one considers the amount of room this yacht offers above and below decks, the extensive list of standard equipment, along with Island Packet build quality and high level of fit, finish, and onboard equipment (as well as the only 3-year stem-to-stern warranty in the market) the new PY Cruiser is truly an exceptional offering. Bob Johnson N.A.
