DETAILED INFORMATION

Manufacturer Provided Description

This Sovran continues the Tiara Yachts tradition of quality and engineering that takes full advantage of Volvo IPS technology ? including the new IPS joystick control ? for superior handling, noise and fume reduction, and fuel efficiency. The full complement of IPS technology delivers 360-degree direction control at your fingertips. By utilizing the space advantages of the IPS drive in a single stateroom layout, Tiara Yachts designers have been able to open up the salon and increase the size of the head, including a full-frame door and stall shower. The extra space is also put to practical use in a step-down ?theater? lounging area. The 3900 Sovran is a uniquely livable single-stateroom floor plan that?s ideal for cruising. Its living space is well thought out and fitted out with traditional Tiara Yachts attention to quality, seaworthiness and lasting value.
