## Overview

---

This 2016 Cruisers Yachts 60 Cantius is a stunning motor yacht loaded with exceptional amenities that will not disappoint. Enjoying the outdoors is a treat out on the cockpit of the 60' Cantius. This area is separated from the upper salon by full-length sliding glass doors and covered by a retractable sun shade. The open arrangement cockpit features everything you need to enhance your entertainment options such as a U-shaped dinette with ample seating, a grill and bar stools, refrigerator, and ice maker. Additional outdoor space can be found on the bow that features a comfortable crescent lounge seat and two reclining sun pads. Making your way into the salon you're greeted by a contemporary atmosphere with a large sofa and a beautiful formal dining area paired with a plush, U-shaped settee. The galley is equipped with all the professional-grade tools and appliances you'll need to adequately host your guests, such as a convection oven, microwave, wine steward, bottle storage, ice maker, dish washer, and more.

Comfortable accommodations for the owners and overnight guests include three staterooms and two heads. The master stateroom is nicely set up with a king-size bed, a café table with two built in seats, walk in closet and a roomy, master head with double shower and his and hers sinks. The VIP guest stateroom is located at the opposite end of the boat from the Master Stateroom and features a queen berth, large head with a separate shower stall and generous counter space, and even a walk-in closet. A third, smaller stateroom comes equipped with plush and roomy bunk beds and a flat-screen TV.

# DETAILED INFORMATION

---

## Accommodations

---

The beginning of the next generation for the Cantius Series Cruisers Yachts, announces the 60 Cantius, setting a benchmark for design within the company. The 2016 model year yacht features fresh exterior styling and a contemporary interior.

### Above Deck

The 60 Cantius features sleek, exterior lines and an aggressive stance. The linear design continues inside for a complimentary look. The interior space uses light/dark wood combinations and contrasting materials. Thoughtful, surprising features can be found throughout. From innovative faucets to the placement of furniture, every detail has been scrutinized and perfected.

Throughout the deck level are plenty of places to entertain. It's also seamless - with the cockpit, galley, salon, and helm all on one level. Boaters enter the cockpit from the swim platform by ascending four steps. Here, boaters will find a large seating area and bar with two stools. A refrigerator, icemaker and grill come standard. Above, a sunshade awning provides protection when needed. The swim platform itself can be raised with a hydraulic lift to haul a jet ski, tender, or dingy. There is also an optional lazarette for tender storage or an optional crew's quarters.

Guests can move easily from outside to inside through the open bulkhead. Inside, guests are greeted by a portside galley that was made to be at the center of entertaining. The galley features a refrigerator with freezer, full sink, stovetop, microwave and storage. A dishwasher is optional.

Facing the galley, on the starboard side, is the upper salon. A sofa with seating for three is flanked by end tables with plentiful storage. A 50" flat-screen TV raises when in use and conceals when not. A state-of-the-art sound bar is above. The TV is in easy view of a portside U-shaped dining area. With seating for up to six adults, it's perfect for dining or cocktails. A hi-lo table serves as a dining table, cocktail table or coffee table. The entire space is open, airy and light-filled thanks to operable windows on each side and a sunroof above. A seamless windshield up front completes the 360-degree picturesque views.

Moving to the helm station, the captain and first mate will enjoy STIDD brand chairs. Each features their own arm rests and flip up bolsters. Also at the helm, boaters will find the latest in electronic navigation. Touchscreen technology on Volvo Glass Cockpit monitors easily controls both navigation and digital switching. Electrical systems can also be controlled and monitored by iPad, iPhone and even remotely. Owners can arrive at the dock to a boat that's powered up and cooled down.

Other technical advancements on board include Bluetooth controlled stereos, Polk audio and three sound bars throughout. Head units are standard in the upper salon and Master stateroom and are optional for the foredeck and secondary stateroom. All music and movies are streamed digitally; there are no CD or DVD players on board.

Moving to the bow, the foredeck is an ideal space for sunning, lounging and entertaining. The foredeck is accessed from the stairs in the cockpit, which lead to port and starboard sidewalks. Bench seating with cup holders can be found at the brow of the foredeck. There are two sun lounge areas with cup holders, a cooler and cocktail table. An optional Bimini awning provides shade when needed. A sound system is also optional.

### Accommodations Deck

Heading downstairs, boaters descend into a lower foyer. This area can also be converted into a third stateroom, if desired. The space is roomy and light with full beam windows on each side. As a foyer, a pair of incliners and space for an optional 50" TV provide another comfortable place for guests. There's also a wine cabinet, wine glasses, and refrigerator along with a spare closet with the foyer configuration.

The 60 Cantius features luxurious accommodations. A midship, full-beam Master stateroom comes with a king-size bed. On the port side is a large hanging locker and plentiful storage. The starboard side features a breakfast table with seating for two. A 32" flat-screen TV is standard. Large windows let in generous light not only in the Master stateroom, but throughout the entire accommodations deck. A private Master Head features dual sinks with designer faucets and a large walk-in shower. A secondary suite features a queen-size bed, ample storage space, and a private entrance to a VIP head. The engine room is easy to access and move about in. The 60 Cantius is powered by two of Volvo's latest IPS 2 engines boasting 950 HP.
