SPECIFICATIONS

Overview

Built at Mulder Shipyard, a yard with a motor yacht building pedigree of over 75 years, A2 is a wonderful example of quality Dutch craftsmanship. At launch, this Mulder 98 Flybridge was the largest flybridge that the yard had ever built and it has become a prize of the Mulder fleet. Meticulously designed and finished by an unrivalled team, A2 strongly exhibits the seakeeping and sophisticated elegance typically found in larger yachts but in a tidy 30m package.

Constructed from aluminium, A2's timeless profile comes from the drawing board of renowned Dutch designer Guido de Groot, the man behind many of Mulder's most successful builds. With classic lines and a complimentary anthracite-coloured hardtop, the yacht is well-proportioned and easily balances indoor and outdoor living spaces. From a technical point of view, Ginton Naval Architects has ensured that A2 is reliably seaworthy, efficient and well-conceived. By designing the hull around the propellers and shafts, it has been possible to maximize efficiency while reducing noise and vibrations. She boasts a cruising speed of around 14 knots, a top speed of 22 knots.

Inside, Omega Architects has created a comfortable interior that sits effortlessly between contemporary chic and classic. Mulder's high quality outfitting sees stained walnut meet brushed nickel, while Tai Ping carpets and linen, silk, leather and wool soft furnishings from top names like Dedar, Pierre Frei, Elitis and Spinneybeck help bring together the spaces.

The layout ensures a feeling of light and openness. The main deck salon is perfect for family gatherings or meetings, and is paired with a forward dining area for eight alongside an enclosed galley. Outside, the sensational flybridge includes chic lounge chairs, snug sofas and a wet bar with grill, ice machine and refrigerator for alfresco entertaining.

The well-appointed master suite is located amidships on the lower deck, with a generous walk-in closet and large oval windows. Forward, one en suite VIP and two en suite guest cabins also provide luxurious accommodation. Crew are well looked after in comfortable cabins aft.

A2 is a yacht to call home. Ready for long voyages or hopping between sheltered coves in the Med, it would be hard to find a yacht of this quality and size at this price point.

'Mulder 98 Flybridge' features spacious saloon with 8-person dining area just next to the enclosed galley. Saloon has all the space you need to spend your time with family or to organize a business meeting here. Enclosed galley and a separate wheelhouse both have access to the deck without the need to go through the saloon first.

The yacht's selection of cabins consists of a gorgeous master cabin, roomy V.I.P.

cabin, and two cozy twin guest cabins.

Her flybridge is simply outstanding. It has all the space and features you will ever need, including a big dedicated bar and a separate place for cooking, two spacious sofas with big tables and plenty of space for sunbathing.
