## Overview

---

Regulator 29FS 2009 accolades the most impressive center console on the market today. The design of this center console by Lou Codega highlights a full fiberglass stringer grid system hull.

Why is the 29 so impressive and questions to ask yourself?

400 mile cruise range meets your needs?

50 mph WOT impress you and fellow anglers?

Is 33-34 mph cruise speed to blue water fast enough?

All the answers to the above questions for the 29 Regulator is “YES”. In addition to an outstanding safe and stable ride it’s noted as “BEST in Class” 29-30 ft center console. Impressive Fuel burn ranges with Twin Yamaha 250hp effortlessly reaching speeds of approximately 45 mph in 20 seconds. See the Power and Motor Yacht reports published. The boat test included a 180 degree turn at WOT in the 50mph range and the results where outstanding.

Special note to the storage compartments: like a HUGE fish box forward with approximately 130 gallons for your load of Mahi or Tuna.

This is your opportunity to own a World Sailfish Championship Center Console Special Edition by Regulator. This is a one of a kind-equipped center console in Florida.

Call for showings 24 hours in advance. Boat is stored inside a warehouse and requires an appointment to access.
