Overview

73M MOTOR YACHT

Moore Yacht Design have conceived three different designs around a proven platform.

Design 1 has a triangular faceted form which gives the vessel a muscular masculine feel. It is a go anywhere exploration type vessel with a large aft garage and a fully certified helipad.

It is unique in appearance but still manages to keep a "yacht feel".

Design 2 is the same in concept as a go anywhere exploration vessel but features a much softer and rounded exterior form

Design 3 does not have the helipad and has a smaller garage. It is more elegant and curvaceous in form and is intended to be used more as a cruising yacht.
