# SPECIFICATIONS

---

## Overview

---

This cruiser is in like new condition with her second owner that keeps her more immaculate than the first. Her IPS joystick drive system makes her a breeze to maneuver and she handles like a sports car. Excellent visibility from the air conditioned control deck brings the family and friends together for the ride. Extend the sun pad on the aft deck or open the sun roof to take in some rays. Her design is versatile and accommodating. She has just had a mechanical service this spring (2015). If you're in the area for the Lauderdale show drive over and have a look.

# DETAILED INFORMATION

---

## Walk Through

---

Step aboard onto the swim platform. Enter the aft deck on the stbd. side. A bench seat will be across the stern facing aft with a curved settee facing into the aft deck from port. The aft seat electrically lifts to open for access to storage or merges the front and back side to flatten out into a sun bed. The aft deck has a covered electric grill to stbd. with storage under. The port side of the settee opens for more storage. The engine room access hatch is in the middle of the aft deck. There are removable pedestal tables. The engine room under the aft deck has good access with chest high headroom.

Entering the main deck salon from the sliding door on the aft deck you find a wet bar to stbd. with entertainment center above and an under counter reefer/freezer below. To port across is a built in dinette/lounging area with a table for four. Forward of the wet bar to stbd. and across from the dinette is the control deck. On the centerline is the open companion down to the galley area which is open with an atrium up to the salon. The galley work area is to port with flush top two burner electric range, an under counter reefer/freezer, built in micro convection oven, and deep stainless steel sink set in a composite surface counter. Aft of the galley area is the aft stateroom with convertible twin thwartship bunks to stbd. that come together to form a queen. There is a head to port aft with a full stall shower. There is a counter and sink forward of the head compartment along the port side in the stateroom. Forward of the galley is the forward stateroom with an island queen bed forward and a head to stbd. aft with full stall shower. The head opens into the galley on the stbd. side for access as a day head.

The interior is light and airy especially the salon with its expanse of windows.

---

## Exterior Equipment

---

- Reclining aft lounge seat/sunpad electrically actuated with storage under.
- Anchor chute with roller on bow.
- Recessed anchor rode locker with 12 volt reversing windlass with local and remote control. 30' 5/16 " chain with 126' 5/8" line anchor rode with anchor.
