SPECIFICATIONS

Overview

This Monterey 302 CR is a great mid-range express cruiser with low hour Port Long Block and Original Starboard. The XDP Composite drives were replaced in 2010 with DPS A drives.

The Monterey 302 is an impressive blend of American sporty styling, luxurious accommodations, and state-of-the-art construction. The spacious beam and an functional cabin, single head floor plan provide the 302 CR with cabin dimensions that most other Express models would envy. Monterey interiors have always been among the best in the business, and the accommodations of the Monterey 302 Cruiser are impressive in every respect. The forward berth can be converted to a berth or left as a secondary dinette and full galley to starboard. The mid-cabin with wood door gives privacy for extended stays on the hook or cruising.

In the cockpit, the captain's chair, the aft opposed bench seats and port-side lounge make for a very social atmosphere. A gas-assisted hatch provides easy access to the engine room. An extended swim platform makes a day at the sandbar a breeze for all the family and friends. Twin Volvo Penta 5.7 Osi with DPS drives cruise the 302 Cruiser at 27 knots (36 knots top).
