SPECIFICATIONS

Overview

Like all of our yachts, Hedonist is a fully bespoke yacht made only to order and specific requirements of our clients. As such, we do not have a standard price list, but the price for Hedonist ranges from Euro 3.45 million to Euro 3.95 million. This is for a fully equipped yacht including Rolls Royce water jet propulsion, and price primarily driven by the size and choice of engines. Production time for the Hedonist is 12 - 14 months from down payment day.
DYSID:2919417

Basic Information

Category: Boats

Sub Category: Jet Boat

Model Year: 2018

Year Built: 2018

Country: Serbia

Dimensions

LOA: 62' 5" (19.00m)

Speed, Capacities and Weight

Cruise Speed: 33 Kts. (38 MPH)

Cruise Speed Range: 370

Hull and Deck Information

Hull Material: Wood

Deck Material: Teak

Hull Configuration: Planing

Engine Information

Engines: 3

Manufacturer: MAN

Model: R6-800

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

The Art of Kinetik

The Art of Kinetik is a quest to realise an ideal, to craft a vision, to create the ultimate balance between Art and Performance. Our awe-inspiring yachts are that quest in action. Each vessel stretches the horizons of beauty and engineering. Every detail exudes our philosophy: art without compromise; peerless performance.

Hedonist Open

Hedonist turned heads with its unrivaled fusion of art and technology. Our convertible model will open your mind to a new definition of luxury at sea. With its daringly sleek profile and mono-frame stainless steel windshield it is a unique statement in yachting design.

The sleek, all-weather canopy unfurls effortlessly to reveal subtle new cockpit shades - retro harmonizing with futuristic - allowing you to savor the sights and sounds of every voyage. Inside, elegant white textures and designer accessories feel even more like home. Outside, the new mahogany color and enhanced detailing feels like nothing you have seen before.

Unrivaled Power

The finest craft demand the finest engines. To generate the smooth, exhilarating power to match Art of Kinetik's pulse-racing looks, we engaged diesel specialists Man®.

Miniaturized Tender

Affectionately known as "Mini Me", this miniaturized three-man tender is identical in design to the mother-ship into which it docks with the help of a mechanical arm. A stylish modern take on the classic wooden launch, its old-world looks belie cutting-edge capability. The cold-molded wood reinforced with carbon and Kevlar is powered by jets that can reach impressive speeds.

Impeccable Detail

They say the devil is in the detail. With Art of Kinetik, it is the delight. As with our pilot's chair and steering wheel, we sought to create a unique experience at every turn. Our artists and designers worked closely with the engineers to produce dozens of tailored details such as the fuel tank caps, cleats, chock and retractable deck ladders.

Performance

The ride quality is as smooth as it is sure. The combination of the all mahogany hull and the Rolls Royce water-jets deliver effortless power and thrust with virtually no vibrations and minimal noise.
