Overview

Riviera is the largest and most respected luxury boat building company in Australia and a major player in the global marine industry. When you step aboard the 50 Enclosed Flybridge, you instantly enter a world of the most modern technology encased in time honored craftsmanship. The STUNNING design of the 50' Enclosed Flybridge was based on owner input, gleaned and distilled over the past two years to perfect previous models. The Riviera design team was very innovative with the internal plan providing exceptional accommodation without compromising the height or exterior lines of the boat. This vessel is the perfect size for three couples or a large extended family. At 50 feet, it fits into standard size marina berths without compromising on space and the hallmark qualities of Riviera.

Accommodations

Total Cabins: 3

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: Zeus POD

Fuel Type: Diesel

DETAILED INFORMATION

Specifications

OVERVIEW: "Narcisa" is powered by new generation fuel efficient Twin Diesel -Zeus 600 pod drives and smartcraft display- Cummins QSC 8.3 (600hp) with electronic controls, Joystick & Skyhook System. Created in-house on Unigraphics 3D software, Riviera's team of talented and passionate designers and engineers focused on absolute maximization of design and space. This allowed them to see the exact size, space and scale of the vessel in the computer long before a single piece of timber was cut for the plug work. Riviera's design team has retained that unique Riviera look while introducing some exciting new design aspects such as double side transom doors which allowed better access from both the port and starboard sides, mezzanine seating, enhanced cockpit storage with a self-draining molded lazarette bin that was integrated into the cockpit floor, tender storage on the boarding platform, increased side deck access, a large aft C-shaped lounge that runs the width of the flybridge, full head room in the two aft cabins, attractive enhancements to the exterior profile lines balancing the flybridge and salon window, and huge hull windows with opening port holes on both sides giving the two aft cabins an abundance of natural light and fresh air. An additional 1.7 meters more of overall living space between the bow and stern has been made available through the incorporation of pod drives as compared to a similar sized shaft-driven boat.

Oak and Teak interior including satin finish varnish throughout, Commercial Grade flooring in the Galley, Heads & Companionway. Custom Soft Furnishings Package.

ACCOMMODATIONS: The 50 Enclosed Flybridge features three luxuriously appointed staterooms with an upgraded Soft Furnishings Package Fabric Upgrade and two bathrooms. Acoustic fabric paneling creates a sense of calm and combined with varnished cabinetry gives a feel of contemporary elegance.

The Master Stateroom is located aft on the port side. This offers a scenic outlook from the large hull window with opening porthole as well as being in a quieter and more stable part of the boat being closer to the center of gravity.

Washer/Dryer combination machine located in Guest Stateroom Starboard

FLYBRIDGE:

- The vision from the three-sided enclosed flybridge is second to none.
- Added aft helm station pod including joystick and throttles and station select/start stop display
- Electric Sunroof (Webasto)

COCKPIT: The mezzanine seating has been lowered to allow for a fridge and freezer to

be positioned between the galley window and mezzanine seat. (5) Rod Holders in Cockpit coaming (Bolted in, heavy duty Stainless Steel)

- Floor- Teak laid & side steps including Mezzanine step and Salon entry step
- Live Bait Tank in Transom with pickup and circulating pump, window & bait prep station under lift up lid.
- Custom propane BBQ
- Awning- Fixed section 800nm stainless rails with integrated side quarter panels
- Added Cockpit Joystick control on port side (plus starboard side)
- Fuel filler mounted to Port & Starboard sides
- Water filler mounted to Port side
- W/C pump outlet mounted to Starboard side
- Swim Platform - Upgraded to Teak
- SALON:
- Two steps up and you enter the saloon through the full-length sliding glass door.
- Starboard side Lounge Upgraded to have center seat convert to slide out ottoman
- Folding table when ottoman is slid out
- Television Electric Fold Up 40" Samsung Smart TV integrated into Salon sound system
- Bose Stereo System
- Samsung Blu-Ray
- Westinghouse TV and Samsung Blu Ray 3D (Master)

GALLEY: To port there is a huge U-shaped modern galley with polished Corian solid surface benchtops, European appliances and accoutrements and 'timber' Amtico flooring.

- 4 Burner Induction Cooktop with Pot holders
- Ice Maker with InLine water Filter
- Trash Compactor to Inboard Side of Galley
- Dishwasher (Fisher & Paykel)
- Miele Oven/Microwave
- (5) Vitrefrigo refrigerator/freezer drawers

DINING AREA: Forward of the galley is a U-Shaped dinette to port and L-shaped lounge to starboard with ottoman allowing for extra seating around the dinette or can be pushed up against the settee to create a large chaise. **FLYBRIDGE:** An internal staircase adjacent to the galley leads up to the impressive flybridge which features a helm station with dual helm chairs forward on the port side. An adjacent lounge allows guests to easily converse with the skipper.

A wet bar is located behind the helm chairs and aft is C-Shaped lounge that runs full beam of the flybridge, making it a great conversation and entertaining space not only when the boat is underway but also at anchor. The flybridge is air conditioned /heated (2 x 16,000 BTU with outlets at helm, demister and aft flybridge.) Flooring is Marine

grade carpet Teak/Cream.

From a technological point of view, the new 50 Enclosed Flybridge has the latest in LED lighting and C-Zone digital switching, which allows you to monitor all your entertainment, electronics and lighting with the touch of a button.

Helm & Companion Chairs upgraded (x2) Slimline Pompanette Platinum – fully adjustable with arm and foot rests.

Custom Wood Table

ENGINE ROOM: Every engineering detail in the design and construction of this new model has been considered from the engine room with standing head room and its gleaming white gel coat finish making it spotlessly clean, to the location of the cockpit switch panel at eye-level.

ADDITIONAL ITEMS:

- Extra 100' / 328 ft total of anchor chain
- Underwater Lights Aqualuma 12 Series x 5
- Ultra Sonic system with 4 transducers
- FCI Watermaker
- Cockpit winter canvas enclosure
- Steelhead ES1000 Davit
- 12' Rigid tender with 30 hp Evinrude
- Scott Electric Downrigger mounts
- Extra Batteries
- IRIS MCC -516 Camera System
- Garmin VHF 200
- 2- 17" Garmin touch screens
- Garmin Radar, Depth & Chart Plotter
- KVH M5 Trac Vision
