## Overview

---

Absolutely impeccably maintained Express Motor Yacht offering tremendous interior accommodations, excellent deck utilization and a dream to handle. The handling of an express cruiser and the accommodations of a motor yacht. Layout is 3 Staterooms and 2 Full Heads.

Powered with a pair of Volvo TAMD 75 Turbo Diesels producing 480 HP each with only 490 hours. Originally lift kept and only barrier coated and bottom painted about a year ago. Extras include a bow thruster, TNT Style Swim Platform, New Eisenglass Enclosure, upgraded Garmin High Definition Color Radar and Fusion Sound System.

Clean, clean, clean and an absolute pleasure to show.

# DETAILED INFORMATION

---

## Overview

---

The cockpit features the kind of comfortable seating associated with traditional express boats - no separation between bridge and cockpit. A full express-style windshield provides exceptional wind and weather protection, while owners will also enjoy the benefits of the 455's hard top enclosure which covers the entire bridge deck with wing doors and full esienglass enclosure. Below, the 455 Express Motoryacht will delight owners and guests alike. Behind that deceptively express exterior lies a true aft cabin interior. The bright, airy salon offers a large convertible dinette, comfortable L-shaped sofa with double incliners and a superb view all around. A fully appointed galley with extra-large refrigerator / freezer makes meal preparation on the water a joy for the most discriminating gourmet. And, keeping the desired mood on board is made simple with the deluxe entertainment center and sound system. The luxurious master suite is located aft. It features a corner queen-size bed, generous storage and a large private head with adjoining bathtub, which is also accessible through a pair of lovely French doors. A whirlpool pump is available. The forward stateroom features a queen-size bed, plenty of storage and a walk-in closet; it also includes private access to the main head and shower. To accommodate additional family members or onboard guests, a third stateroom with twin berths is located amidships. With plenty of room at the helm for all the latest electronics and available with a range of diesel power options, the new 455 Express Motoryacht is destined to excite the interest of cruising boaters who want the sleek styling and cockpit layout of an express, and the live-aboard comfort and luxury of an aft-cabin motoryacht.

## Vessel Walk Through

---

The raised aft deck can be accessed from the molded stairs coming off the hydraulic swim platform or from either side gate. A full fiberglass hardtop with an eisenglass enclosure plus dedicated bridge reverse cycle air conditioning creates a pleasant environment for extended time at the helm as well as creating an outside living space. The large aft deck includes built in seating much like you would expect in the cockpit area of an express cruiser. The bridge helm and the aft area are socially integrated, separated by only one step. Twin 480 HP Volvo diesels provide dependable power and good performance with a 21-24 knot cruise. A full complement of electronics, plus bow thruster control, are positioned at the helm, and the double helm seat allows you and your mate to enjoy your cruising experience. The cabin is entered through a sliding door, with screen. The décor includes cherry wood cabinetry, solid surface counters, designer fabrics and decorator accents throughout, plus wall-to-wall carpeting in salon and staterooms. The galley, dinette and salon are on the same level, with the large windshield and windows providing natural light and a panoramic view. An L-shaped sofa with double recliners is to port with the full service galley and large U-shaped dinette to starboard. Aft of the main salon, the master stateroom features a queen size walk around berth and ensuite head, complete with whirlpool tub and shower combo. Two additional staterooms forward provide private

accommodations for guests. The guest head also features a separate shower stall. Three dedicated air conditioning/heating units in the cabin provide climate control comfort for you and your guests.

## Salon & Dinette

---

- Entry Door, Sliding, Lockable w/Screen
