Fuel Capacity: 600 Gallons

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: GM

Model: GM-6V92TA

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview & Manufacturer Provided Description

The Henriques 44 Sportfisherman is a complete fishing machine, designed for the discriminating offshore enthusiast. Engineered with a time-proven hand-laid fiberglass hull, the 44 can withstand the worst sea conditions. Large insulated fish boxes, cockpit controls, transom door, and tackle prep center are just a few features encompassed by her 170-square-foot cockpit. Amenities such as air conditioning, microwave oven, full refrigerator - freezer, enclosed stall shower provide everything the fishermen and families will need.

HENRIQUES YACHTS: These New Jersey-built quality sportfishing boats have been built by the Henriques Family for over 39 years. Henriques offers a rock solid boat at an attractive price. Henriques stresses quality of construction both in materials and in workmanship. Many of these boats are in Charter or Commercial service, so they must be built tough to withstand the rigors of daily service. The uniquely strong construction includes time-proven hull designs with solid fiberglass bottoms, handlaid fiberglass construction, one-piece deck molds, a hull fiberglassed to the deck, continuous bulkhead tabbing, watertight compartments, and full-length, bow to stern stringers. These boats are highly fishable with large cockpits, big fishboxes, rod storage, tackle centers, transom doors, and a rugged sea-going ride.

Salon / Galley
