## Overview

---

An open yacht and a coupé: two souls, entwined in one single, spectacular yacht. Riva's typically rigorous lines and the 88' Florida's own unparalleled elegance are made even more enticing by the yacht's innovative 'Convertible Top' technology, derived from the automotive sector, creating the first convertible luxury motor yacht. The new 'Moon Grey' shade, a light metallic grey that enhances the yacht's slender lines, characterizes the slender lines of the first 88' Florida, and is in pleasant contrast with the 'Bright Black' shade details. The hull profile is really unmistakable thanks to the innovative-design continuous glazing featuring a stainless steel plate that bears the Riva logo in its central part. The large windshield and the steel roll bar complete this new yacht's design.

## Basic Information

---
