Overview

LOOKING FOR A DEAL? New 2013 Malibu Wakesetter VTX

Recognized as the best crossover boat in the market, the Malibu Wakesetter 20 VTX is ideal for the family that loves waterskiing as much as wakeboarding and surfing. The VTX's 20-foot frame fits easily into the garage, and a removable center pylon maximizes skiing performance.

With a few quick taps on the six-inch MTC touchscreen, you can fill up to 1,250 pounds of hard-tank ballast, set the Power Wedge II, and engage our revolutionary Surf Gate to create the perfect wave for surfers, who can easily transfer from side to side. For multisport enthusiasts, the unique cut diamond hull is specifically engineered to lay down tournament-quality slalom wakes. And with seating for 11 people, the 20 VTX is roomy enough to show your friends what it's like to ride in Malibu style.

This is NEW MALIBU WAKESETTER VTX. Dealer Closeout available for immediate delivery. Call for more information.

Speed, Capacities and Weight

Fuel Capacity: 38 Gallons

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Manufacturer: Indmar

DETAILED INFORMATION

Manufacturer Provided Description

ALL AROUND WINNER

Even welterweights can deliver a knockout punch. The Wakesetter VTX may look like a nice little wakeboard boat, but it brings big power to the fight. Professional wakeboarders like Team Malibu Australian Sam Thomson agree. Small but powerful, the VTX generates big, beautifully shaped wakes and comfortably accommodates 11 people. Holding up to 1250 pounds of Malibu Launch System (MLS), the VTX is a big wake machine, but if you opt for the 3DVTX with Cut Diamond hull you will have the diversity to choose between big air and smooth slalom cuts. Either way, you win.
