Manufacturer Provided Description

It's part family bowrider, part performance-minded sport boat, part overnight cruiser but most importantly the incredible 327 SSX is a Chaparral through and through. We've never had a product introduction that was more anticipated or revolutionary. With its go-anywhere deep-V hull design, standard fiberglass hard top, striking liquid-silver

interior, dual forward facing helm seats and wildly practical full beam cabin, the 327 is a game changer. Onboard, don't bother looking at the capacity plate. It's unlimited. Mood setting cockpit and hardtop lighting are accented with optional underwater lights. A stainless steel windshield and heavy-duty rails say quality everywhere you look. Attention to detail is beyond compare. An optional 1850-watt custom tuned audio system by Wet Sounds literally stirs the waters. Air conditioning is an option you can't live without. Ditto for a generator.
