Overview

First introduced in 2000, the Sabre 42 has become the standard for performance cruising motor yachts. "Flattery" has the popular flybridge and hard top extension options.

Her deep-vee hull offers cruising speeds of 21-25 knots. With her optional QSC 500 engine option she can sip fuel at an economical 1.1 gallons per mile at 25 knots.

Wide side decks with large diameter stainless steel hand rails, standard rope chain windlass and highly polished aluminum hatches all add to the beauty and functionality of her deck. A large double anchor roller makes anchoring work a breeze. Access to the bridge is safe and secure thanks to a well engineered set of steps with large diameter hand rails.

The bridge deck with L-settee and table, and the captain and mate chairs, is the ideal place to pass your day on the water.

"Flattery" offers the optional galley-up version with a second head. There is a large master stateroom forward and private access to the head with enclosed shower stall. The guest stateroom to starboard is equipped with a pull-out double berth. The guest stateroom is equipped with many drawers and a hanging locker. French doors enclose this luxurious space.

If you have been waiting for a lightly used, like new Sabre 42 to come to market, you owe it to yourself to come view "Flattery". With over \$100k spent in upgrades and maintenance in the past 18 months you will not find a better equipped and cared for Sabre anywhere. She is truly turn-key and ready for the crushing season.

Some Highlights that set "Flattery" apart from her sister-ships include:

- Galley up, 2 stateroom, 2 head layout (One of only a few built this way)
- Only 400 hours on her Cummins QSC 500 Engines
- Covered Aft Cockpit
- New Autopilot and AIS
- Brand new Diesel Furnace
- 300' of All Chain Rode (New in 2014)
- Brand New Seawise Davit with Walker Bay RIB and New Yamaha 15hp Outboard
- All Brightwork Completely Redone (11 Coats of Varnish)
- New Bottom Paint
- All New House Batteries in 2014
- Electric Assisted Folding Mast
