Model: 68TA5.9-M3

Fuel Type: Diesel

DETAILED INFORMATION

Remarks

This 2001 35 Tiara "Lady Lauren" has been owned by a very experienced and knowledgeable owner with an open checkbook. This model was built by Tiara Yachts who is well known for their high quality and craftsmanship. As an express cruiser it was built on a beamy modified -V Hull with a well flared bow. Prop pockets and shallow keel provide partial protection for the propellers. She is one of the very few early 2000 models with a Tiara hard top which makes her more desirable than most. Her diesel Cummins 6BTA's with 370 HPR each will cruise at 25 MPH with a top end of 35. The "Lady Lauren" has been stored in a stack storage warehouse and has only been outside when she has been run by the current owner.

Make this vessel one for your short list, she is priced to sell and ready to go.

Notable Services

- Full service at 1210 hours
 - Heat exchangers serviced in February 2015
 - Props re-conditioned in Summer 2015
- New batteries in Summer 2015
