ХАРАКТЕРИСТИКИ

Обзор

This freshwater Bayliner 3388 Motor Yacht has been well maintained and is well equipped with heat/air, windlass, flybridge with enclosure, and large cockpit. Both upper and lower helm positions provide 360 degree visibility for comfortable cruising in either location. The 3388 has a spacious layout featuring two private staterooms, head with separate shower stall, and a comfortable salon with a full-size sliding door to the cockpit. The aft stateroom features a king size bed with complete privacy, ample storage, vanity with sink and large mirror. The boat can sleep 5, features a full galley with stove, oven, microwave and refrigerator. Her low hour twin 350 hp fresh water cooled MerCruiser inboard engines with Hurth marine transmissions provide plenty of propulsion to easily cruise at 18 mph.

ПОДРОБНОЕ ОПИСАНИЕ

33' Bayliner Vessel Walkthrough

Boarding CompTime V can be done over either port or starboard gunwhale onto a modest molded

step into the cockpit or from the swim platform through the transom door. The spacious cockpit provides plenty of room for entertaining, relaxing or managing the boat. From the cockpit you can move forward on either side via walkways to the foredeck, up the ladder to the flybridge or through the

large sliding glass door into the salon. Upon entering the salon the master cabin companionway will

be immediately to port and a few steps down you will find a king berth tucked away under the dinette.

The large, elevated L-shaped dinette is also to port, forward of the master cabin companionway. To

starboard in the salon is the entertainment center then further forward is the lower helm. The

U-shaped galley is a few steps down to port and the head with separate shower stall is to starboard.

In the bow is the guest cabin with a traditional V berth.

Up on the flybridge you will find great 360 degree visibility inside a full enclosure, flybridge bench seating to port and starboard and the captains chair centered on the upper helm. The flybridge has a

full canvas and Isinglas enclosure that is in good condition.

The engine room is easily accessed by two large hatches in the deck of the cockpit.

33' Bayliner Accommodations

CompTime V can comfortably accommodate five with two in the master cabin, two in the guest cabin

and one in the salon.

33' Bayliner Salon

Upon entering the salon from the cockpit through the glass sliding door you will immediately notice

the very large L-shaped dinette to port. It is raised on an elevated platform which provides additional

headroom to the master cabin. The dinette bench will comfortably seat five and is covered with synthetic leather that is in very good condition. There are two interchangeable table tops for the dinette, a smaller everyday table top, which provides a more open walkway through the salon, and a

large table top for more formal meals or entertaining. An entertainment cabinet is located along the starboard bulkhead of the salon and features the essential components for life underway including a

flat screen TV with antenna, DVD player and stereo. The salon is carpeted and also has detachable

runners to protect the carpeting. The salon has large opening windows with curtains for privacy to port and starboard.

33' Bayliner Master Stateroom

The companionway to the master cabin has a bi-fold wood door with a frosted glass top slider which

allows additional light into the space while retaining privacy. Down a few steps and you will find the

master cabin. Immediately to port is a storage cabinet, vanity with Formica top, stainless steel sink

and large mirror. Forward in the space is the king berth with reading lights. A portlight above the berth

provides additional light and ventilation to the space. The floor is carpeted and there is additional storage and access to a mechanical space underneath the steps and two engine inspection hatches

are in the aft bulkhead.

33' Bayliner Helms

The lower helm is outfitted with the factory gauge cluster, switch panels, dual throttle and shift levers,

a Ritchie compass and an Eagle Depth Sounder.

The flybridge helm also features the factory gauge cluster, switch panels, dual throttle and shifter levers and Ritchie PowerDamp compass. Additionally, the flybridge helm features:

Garmin GPS 2010C Color Chartplotter with Lake Michigan and Lake Huron Chips

Garmin GPS 210 Chartplotter with Lake Michigan and Lake Huron Chips

SI-TEX Fish Finder/Depth Sounder Combo (CVS 106 MKLL)

Lowrance Depth Sounder

ICOM VFH Marine Radio with External Power Microphone for Lower Helm

Standard Horizon VHF Radio

Fuel Flow Meter F210

33' Bayliner Galley

The large U-shaped galley is down a few steps forward of the salon and has everything you need for

extended cruising and plenty of counter space and storage. An under cabinet Norcold refrigerator is

under the aft counter and a large storage cabinet is above it. Along the port bulkhead there are two in

counter top storage compartments on either side of the dual basin stainless steel sink with Delta faucet. Along the forward bulkhead is the three burner Princess electric stove with oven and fold up

cutting board/backsplash. Above the stove is a Goldstar microwave oven. The sole is teak and holly

with a portlight above the sink for additional light and ventilation.

33' Bayliner Guest Stateroom

The guest cabin is a tradition V berth configuration with an extra thick mattress and filler. There is plenty of under berth storage and a hanging locker to port. The sole is carpeted and the space has a

large overhead hatch with shade and portlights and reading lights to port and starboard.

33' Bayliner Head

The head is spacious with a manual Par Marine Toilet, a molded sink with a mirrored medicine cabinet, under sink storage and separate shower stall. A portlight provides additional light and ventilation to the space.

33' Bayliner Cockpit & Deck Equipment

The extra large cockpit provides plenty of room for two to relax or a small group to gather. A molded

cabinet in the port forward corner provides storage as well as a small sink with basin cover. A

stainless steel ships bell is mounted on the bulkhead above the sink. A molded step on both port and

starboard make boarding from the sides easy. A stainless steel ladder with plastic rungs leads up to

the flybridge which has a full canvas and Isinglas enclosure in good condition. There are four

stainless steel quick attach slide mount tracks installed on the port and starboard gunwhales and on

the top of the transom. Two Walker electric downriggers with temperature probes, a set of rod holders

and a grill are included for these tracks. Two large deck hatches provide ample access to the engine

and mechanical compartment. There is a hot and cold shower installed in the transom and a 12 VDC

fresh water wash down system.

The molded fiberglass swim platform with teak panels is accessible via the transom door to starboard. A stainless steel swim ladder with plastic rungs is located to port. Walker

The foredeck is surrounded by stainless steel hand rails and stanchions and a stainless steel, two

fender rack is mounted to port. A molded, in deck line locker is to starboard of the Lewmar electric winch. Winch foot controls, a custom canvas winch cover and two 22 lbs Danforth anchors complete

the bow pulpit.

33' Bayliner Electronics

This vessel features the following electronics:

Garmin GPS 2010C Color Chartplotter with Lake Michigan and Lake Huron

Chips

Garmin GPS 210 Chartplotter with Lake Michigan and Lake Huron Chips

SI-TEX Fish Finder/Depth Sounder Combo (CVS 106 MKLL)

Eagle Depth Sounder

Lowrance Depth Sounder

ICOM VFH Marine Radio with External Power Microphone for Lower Helm

Standard Horizon VHF Radio

Fuel Flow Meter F210

33' Bayliner Audio & Video Equipment

This vessel is equipped with the following audio & video equipment:

Vizio 24" Flat Screen TV

Shakespeare Marine TV Antenna

Phillips DVD Player (DVD 622)

JVC AM/FM/Cassette Stereo (KS-RX147)

Two speakers in the salon and two speakers on the flybridge

33' Bayliner Electrical System

This vessel features the following electrical equipment:

2 - 125 Volt 30 Amp Shore Power System

2 - 125 Volt 30 Amp Shore Power Cords

2 - 12 Volt Marine Batteries

Dytek Marine Battery Charger (E Class)

GFCI Receptacle

2 - Battery Switches

33' Bayliner Engine & Mechanical Equipment

This vessel is equipped with the following engine & mechanical equipment:

Twin MerCruiser 5.7L 260 hp Marine Gas engines with closed cooling system

Hurth Marine Gear Transmissions

Stainless Steel Shafts (1.5")

4 Blade Bronze 20 x 20 Propellers

Atwood 10.5 Gallon Water Heater

Cruisair 16,000 BTU Air Conditioner Heater with Digital Control Panel

Dripless Shaft Seals

Stainless Steel Trim Tabs

33' Bayliner Fire & Safety Equipment

This vessel is equipped with the following fire & safety equipment:

Fireboy FE241 Automatic engine Room Fire Suppression System

Fireboy Xintex Carbon Monoxide Detector

Safe-T-Alert Gas Vapor Detector

3 - Bilge Pumps

Engine Room High Water Alarm

3 - Fire Extinguishers

Horn

Ships Bell

PFDs

Stainless Steel Swim Platform Ladder

33' Bayliner Exclusions

Owners personal belongings.
