Vessel Information

RUSCELLO is a unique opportunity to acquire a basically like new boat which has been recently outfitted and commissioned to high standards. She is undoubtedly the most comprehensively equipped and best overall condition 33M Ferretti Navetta currently in the market. She is now very actively for sale since her owner is moving up. Call today to arrange an inspection. RUSCELLO will not disappoint even the most demanding buyer.

****NOT FOR SALE TO US RESIDENTS WHILE IN US WATERS**.**

The 33 Navetta Crescendo, RUSCELLO, is a newer, semi displacement, tri-deck design by Zuccon/Ferretti AYT that commenced its production run at Custom Line (Ancona, Italy) in the 2011 model year. The semi-displacement hull form allows for an incredibly spacious interior and exterior layout that competes favorably with vessels even with much larger LOAs. With a design emphasis on increasing visual contact with the sea the 33 Navetta features an hydraulically activated balcony accessed from the starboard side of the salon as well as the largest possible windows in all areas. All five owner & guest staterooms are spacious and have exceptional window views with the owner's suite located forward on the main deck.

The décor is contemporary and elegant featuring extensive upgrades from the standard spec and featuring the rich Italian style this builder is known for. The interior finish is a combination of pickled oak wood in combination with bleached oak, teak flooring, and tailored leather, accompanied by soft neutral creams and gray fabrics throughout. Teak exterior decks are featured on all levels.

RUSCELLO is a true tri-deck design with many individual areas for entertaining, dining, lounging or just watching the world and the water go by in peace and quiet. At the very top of the vessel is the open air sky deck has its own Jacuzzi. Descending the staircase to port the scene shifts to the spacious pilothouse/lounge deck with its covered open aft deck lounge area. Going forward through the semi-circular sliding glass doors is a circular table and four chairs. Perfect for those more intimate private dining or conversational moments. Forward is the private lounge with access forward to the pilothouse and main helm and an interior staircase leading down to the main salon deck. Port and starboard wing doors access the walkaround Portuguese bridge.

The main salon deck features a wonderful open aft deck area with access to the lower swim platform/beach club space at water level. Going forward through the sliding glass doors into the salon we find ample seating areas for lounging, watching TV, or, a bit further forward, formal dining. Beyond the partition bulkhead moving forward is the generous, fully equipped galley, day head, and entrance to the owner's main deck private suite. To starboard in the salon is the staircase to the lower deck guest accommodations featuring four generous cabins with ensuite heads. Finally, below and all the way forward is the crew area with sleeping and head arrangements for up to seven crew members.

RUSCELLO was custom ordered from the factory with a focus towards entertaining and the public areas of the vessel all have beautiful settings, blending the interior with the open air. The transom area features a hydraulic opening teak decked garage/water access deck (teak beach) with inflatable jet tender, dive compressor and many other extras. This vessel was factory built for the Americas and has a 60-cycle electrical system standard. However, it is also equipped with a universal power conversion system to allow for seamless transitioning to any shore power standard that might be available wherever the boat might travel.

Salon

- Aft electric opening glass sliding door with stainless steel frame, no-touch sensor
- Air conditioning
- Audio/Video media server Seamphony master
- Denon Blu Ray DVD reader
- Bookshelves at aft port side
- Cabinets with shelves
- Ceiling spot lights with dimmer
- Indirect overhead lighting system
- Cordless telephone
- Electric Leather Venetian blinds
- Bleached oak flooring

- Emperador Marron marble washbasin and marble counter top
- Head control panel with gauge (3/4 and full), Emperador Marron marble flooring, wooden Venetian blind

Master Stateroom - Main Deck

- Air conditioning with external air inlets with manual control
- Audio/Video medias server Seamphony unit
- Bedside cabinets , (2) bookshelves
- Cabinets with shelves
- Ceiling spotlights
- Concealed overhead indirect lighting system
- Cordless telephone & Cisco IP phone
- Desk with leather chair
- Digital safe
- Double bed with mattress, pillows, bedspread and sheets
- (2) Drawers and storage under the bed
- Hideaway dressing table with mirror and leather ottoman ,electric leather Venetian blinds & separate black-out blind , bleached oak flooring
- Furniture with drawers in front of the wardrobe with mirror
- Headboard wall in leather with mirror, stainless steel inserts, open shelves and lockers
- Denon Hi-Fi surround "2+1" system with Blu-Ray
- Samsung LCD TV 55"
- Leather headboard
- Natural ventilation under the mattress
- (2) Reading lights
- TV SAT receiver common interface, RCI remote universal control
- Walk-in closet accessible from study area (drawers and door)
- Walk-in closet with Venetian blinds and wood/mirrored glass sliding door
- 2nd wardrobe closet on portside by TV

Master Ensuite Head

- Air conditioning , ceiling spotlights, ceramic bidet, electric ceramic head
- Electric extractor fan for heads and shower
- Lockers with shelves
- Medicine cabinets behind mirrors with doors
- Opening glass window in shower with opaque privacy curtain
- Shower with glass door, marble tray
- Sets of towels
- Washbasins (2) with marble counter top head control panel with gauge (3/4 and full)
Persiano Anticato marble flooring

Pilothouse

- Access to upper lounge (sliding door) Acoustic alarm
- Air conditioning
- Automatic pilot control unit, Simrad AP 50, with remote joystick control on helm seat armrest
- Bookshelves
- CCTV video sequencer with 15" display
- Ceiling spotlights
- Chart cabinet with shelves
- 12V Accessory outlet
- Clock, barometer, hygrometer
- Control panel for fin stabilizers, ABT-Trac & SIAM stabilization at rest
- Digital chain counters
- Dimmer for navigation instruments lighting
- Dual system integrated Navnet 3D (2 box) with LCD 15" color displays (5), Furuno 64 mile radar, chartplotter and GPS, depth sounder
- Nav displays are: 2 x 19", 2 x 17", 1 x 15" FLIR night-vision camera remote control electric control for searchlights (2)
- Z F Marine electronic controls for engine clutch and throttle with easy-dock and auto-troll functions
- External acoustic alarm for bilge water level in garage, engine room and accommodations
- Fire extinguishing system control panel
- Flaps control, trim tabs
- Helm position/upper lounge electric panel
- Integrated monitoring system with 15" touch-screen display
- (2) Sailor handheld inter-com units for maneuvering
- Leather covered steering wheel
- (2) Bezenzoni leather helm-seats with electric movement control on cabinet with drawer and door,
- Light for chart reading lights for navigation magnetic compass, Plastimo
- Manual port and starboard exit doors with electric lock (2) accessing the wheelhouse
- Fusion mini Hi-Fi CD system with tuner and (2) speakers in helm station
- Canon multifunction printer with fax
- Navigation instrument (Eco, Log and water temperature) (3), Furuno RD 33
- NAVTEX meteo receiver, Furuno NX-300
- Sailor VHF remote unit, on helm seat armrest
- Power-assisted electro-hydraulic steering
- Protective external covers for front windscreen and side windows of helm position
- Rudder angle indicator
- SART Transponder
- Soft touch custom finished dashboard
- Speakers (2) with volume control located outside the wheelhouse
- SSB/DSC, GOST NavTracker

- Steering position with complete navigation instruments M.A.N. Digital engine displays, plus analog gauges ABT-Trac bow and stern thruster controls
- Synoptic panel unit with acoustic and visual alarms
- Teak wooden flooring with black stripes
- Telephone, Cisco IP phone
- Telephone interface GSM/Voice/Fax, (2) mini VSAT VHF transceivers , Sailor by Trane & Trane Raymarine Loudhailer
- Wind gauge
- Windlass remote control for bow
- Windscreen wipers (2) with washing system and timer
- Wooden sliding pocket door between helm position and upper lounge
- Behind the helm seats the standard sofa has been replaced with a custom serving/prep area with countertop/sink, GE
- Microwave, mini refrigerator, cabinets, & dumbwaiter lift from galley

VIP Staterooms (2) - towards Stern from Lobby

- Air conditioning
- Audio/Video media server Seamphony unit
- Bedside cabinets (2) cabinet with shelves
- Ceiling spot lights with dimmers ,concealed overhead lighting system . Digital safe
- Double bed designed to be changed also for double use (with mattress, pillows, bedspread and sheets) Drawers (2) under bed
- Dressing table with mirror and wooden and leather armchair . Fire hose outlet with sea water in starboard cabin wardrobe Furniture with drawers
- Custom bleached oak laminate flooring
- Hull windows with 2 opening portholes in stainless steel
- Leather headboard
- Natural ventilation under the mattress
- (2) Reading lights
- Custom Venetian blinds and manual black-out roll-up
- Ceiling spot lighting and dimmers
- Telephone
- Fusion Mini Hi-Fi system CD/DVD with tuner and loudspeakers (2)
- Samsung flat panel HDTV 40"
- TV SAT receiver
- Walk-in closet in portside guest cabin and closet in starboard side guest cabin

- Air extractors (2) with remote controlled emergency shut down
- Air inlets with separators and remote controlled emergency shut-down
- Aluminum diamond plate non-slip flooring
- Day/night CCTV color cameras (2)
- Diverter valves (2) to allow engines to pump water from the bilge
- External finishing panels in multi-layer light alloy sheet

- Fire extinguishing system with FM200
- Fuel level gauge, sight tubes
- Kohler Gen set, auxiliary 55 kW with soundproof casing Kohler Gen set, main 55 kW with soundproof casing Inspection lamp
- Starboard generator: 1360.8 hours Port Generator: 1364.3 hours
- Neon lamps
- (2) Racor double fuel prefilters to main engines and double Hummel prefilter
- (2) Racor fuel prefilters to generators , smoke detector
- Exhaust separators for generators
- Stainless steel foldaway washbasin with fresh water
- Stainless steel handrail around main engines, (2) water filters for engine cooling system, (2) water filters for generator cooling system

Control Room

- Access to cockpit (hatch, stainless steel and teak steps) , access to engine room (door with porthole)
- Access to garage/ technical room corridor watertight door, air conditioning
- Aluminum diamond plate non-slip flooring, chillers for air conditioning with heating boiler, day/night CCTV color camera
- Electric ventilation fan
- Hydraulic emergency wheel
- Furla Net Integrated monitoring system with touch-screen display, Main electric panel 127/220 V / 24 V, neon lamps
- Rudder angle indicator, smoke detector, telephone
- GSM/Voice/Fax telephone interface
- (2) Water makers
- Inlet fresh water is treated by UVA sterilizer & carbon filters
- Work bench with vice, drawers and tool set

Electronics & Navigation Equipment

Communications:

- Furuno radar antenna Open Array
- KVH Tracphone V7, mini VSAT
- Inter-com for maneuvering (6) (bow, cockpit, side decks (2), helm position, garage) 11 internal telephones , (3) cordless
- Multifunction printer with fax
- (2) Portable GMDSS VHF (helm position)
- Router coastal communicator PD-LAN-WIFI-Internet
- TV, telephone Shore socket, GSM/Voice/Fax telephone interface, switchboard
- TV antenna
- KVH HD9 TV SAT antenna
- TV SAT modulator and multi switch

- TV SAT receiver common interface (2) (saloon, master cabin) VHF transceiver (4) (helm position (2), galley and captain cabin) WIFI booster

Monitoring System:

- Air conditioning system fan coil monitoring and control alarm, with database and current alarm, monitoring automatic ventilation monitoring for engine room
- Bilge pump system monitoring black/grey water tank level monitoring CCTV monitoring
- Electrical system (batteries, generators, shore power, electric panels) monitoring and control
- Flaps position monitoring Galvanic isolation monitoring Gyro stabilizer monitoring
- High and low fuel level and water tank level monitoring
- Lighting monitoring and control
- Monitoring system with 15" touch-screen display (3) (helm station, system room and crew area):
 - Monitoring navigation lights
 - Monitoring and control outside doors and portholes
 - Smoke detection alarm monitoring , water tank level monitoring, weather data monitoring
 - CCTV System:
 - CCTV image modulated in TV set
 - CCTV video sequencer with display (helm position)
 - Closed circuit surveillance system with colour cameras (6)
 - (3) Day/night internal cameras in engines room and (2) in systems area
 - (4) External TVCC cameras in the cockpit and side decks

Navigation:

- Anti fog horn
- Automatic pilot control unit
- (2) Box dual system integrated Navnet, (3) 3D with LCD 15" color monitors, Furuno 64 miles radar, chart plotter and GPS, depth sounder at dashboard
- (2) GPS Antennas and (1) emergency antenna
- Multifunction navigation instrument (4) (helm position (2), galley, captains' cabin)
- NAVTEX meteo receiver
- Steering positions with instruments and alarms on the side decks (2) Wind gauge (helm position)

Electrical System

- Automatic battery charger 12 V (generator battery bank), all chargers are MasterVolt
- Automatic battery charger 24 V (domestic load battery bank), automatic battery charger 24 V (engine battery bank), automatic battery charger 24 V (emergency battery banks) auxiliary generator starting battery 12 V in engine room. Battery bank for domestic load 24 V in garage
- Battery bank for emergency 24 V battery bank for radio

- Battery disconnecting switches for emergency radio battery
- Cathodic protection with zinc anodes
- Copper strip ground system
- Distribution 24 V DC for emergency and navigation lights
- Distribution system 120 V / 220 AC . 60 Hz triphase powered by the generators and by the shore power
- Distribution system 24 V cc powered by the battery banks for electronic instruments
- Electric sockets throughout 120 V Emergency lighting system 24 V
- Engine and service battery disconnecting switches (manual for systems area and electric for cockpit) , European socket circuit with plugs in galley, crew lounge, main deck salon, upper deck salon. Generator battery banks parallel switch
- Kohler Genset, auxiliary 80 kW - 60 Hz with soundproof casing, Kohler Genset, main 80 kW - 60 Hz with soundproof casing , Glendinning 100 A 400 V 4 poles cable (20 mt)
- Ground connection for sea water intake and railings/pulpit
- Independent battery banks (2 x 2) for main engines 200Ah 24V (engine room) Isolation transformer triphase 100 A (2)
- Lighting system 220 V
- Main electric control panel and secondary panels (saloon, helm position, lower deck lobby, galley, crew dinette), main engine battery banks parallel switch
- Main generator starting battery 12 V in engine room
- Manual battery disconnecting switches for each generator
- Parallel system for genset/shore power
- Shore power cable 100 Amp
- (2) ASEA frequency converters 36Kva

Technical Rooms

Port:

- 608 hours
- Air compressor with spray gun and spiral hose
- Electric ventilation fan
- Electro-hydraulic control unit for helm
- Fiberglass anti-slip flooring
- FM200 fire extinguisher system with manual activation
- Lamps
- Smoke detector
- Spare manual pump bilge/fire extinguisher

Starboard:

- 609 hours
- Access to the starboard side technical room (gas-tight door)
- Electro-hydraulic control unit for garage door, bathing ladder, gangway and opening aft deck area, fiberglass anti-slip flooring

- Flaps control unit
- Glendinning (20 mt) 100 A 3 poles + ground
- Lamps
- Smoke detector
- Terrace control unit
- (2) Transformers for shore power supply 100 A , (2) air conditioned units)
- ASEA units are mounted here

Propulsion & Control Equipment

- Propulsion and Control
- Electro-hydraulic powered steering
- Hydraulic bow thruster (50 Hp) and stern thruster
- Shaft line transmission
- Stuffing box with dripless shaft seal, low maintenance
- Underwater exhausts
- ZF Smart Command engine control system, main helm, wing docking stations to either side, & aft deck station (hideaway under teak table)
- Anti-Rolling System
- Anti rolling gyro, 3 x Mitsubishi ARG msm 4000
- (ABT) fin stabilizers with electronic control , SIAM stabilization at rest
- Trim tabs (flaps)

Systems & Air Conditioning

- Fresh Water System
- Dockside water connection
- (2) Fresh water pumps with autoclave American version
- (4) Fresh water outlets for washing (bow, both side decks and upper deck), (2) heating boilers 100 lt + 100 lt 230 V
- Hot water circulating pump, structural fresh water tank, water makers
- AP200 AquaPure drinking water system,
- Black & Grey Water System:
- Automatic grey water discharge system (interchangeable with black water) Black water tank (840 lt) with gauge (3/4 and full)
- Electric automatic pump for black water tank discharge (interchangeable with grey water) , Techma electric heads with fresh water flush
- Grey water 3- way valve in galley
- Grey and black water tanks washing system with sea water
- Grey water tank with gauge (3/4 and full)
- Marpol discharge outlet for black water, Hamann supermini plus

Fuel System:

- Stainless steel fuel tanks with decanter, discharge and inter-connection system in engine

room

- Fuel transfer pump 24V , Fuel transfer pump 400 V
- Pipes in compliance of the class requirement
- (2) Racor double fuel prefilters to main engines and double Hummel prefilter
- (2) Racor prefilters to generators , structural fuel tank
- Alfa Laval fuel purification
- Lube oil transfer system

Bilge Pump System:

- (6) Auxiliary electric pumps (accommodation space for 4, garage, engine room, bilge alarm in each compartment
- Centralized 400 V bilge pump system with (2) electric pumps and manual emergency pump with (7) cock handles ,accommodation space (4), engine room, garage, systems area)
- Emergency bilge suction pipe in engine room through engine cooling pumps
- Marpol connection for bilge oily water drainage

Air Conditioning:

- American version air conditioning and boiler for winter heating, outlet in the bathroom included
- Chilled water system

Safety & Fire Protection

- Axe
- (2) Child sized life jackets, EPIRB
- First aid kit
- (2) Housed life-rings, one with rope and luminous buoy
- (20) Life jackets
- (2) 10 person liferafts, SART Transponder
- Fire extinguishing system with sea water in garage
- Fire hose outlet with sea water (bow, starboard side deck, cabins lobby)
- Fixed fire extinguishing system for engine room with manual activation from the cockpit
- Gasoline vapor detection system in garage
- Portable fire extinguishers located in the rooms/cabins
- Pull handles in the engine room (engine fuel and generator shut-down, air inlet and (2) ventilation fan shut-off , activation of fire extinguishing system)
- Smoke detector system (in all cabins, galley, dining area, saloon, upper lounge, helm position, garage, engine room, systems area) with main alarm in helm position

Garage

- GRP and teak stairway access to cockpit, Access to systems area through a watertight door, Access to technical room through a gas-tight door, Diesel fueling station for tender
- (2) Electric ventilation fans with remote controlled emergency shut

- Electro-hydraulic garage door teak-laid on the inside
- Emergency steering position
- Fire extinguishing system with sea water
- Fresh water outlet for washing
- (2) Gas detectors
- GRP and non-slip flooring
- Hot/cold shower, (2) Neon lamps
- Opening staircases with storage space and top in teak
- Smoke detector

Exclusions

A list of exclusions is available upon offer to purchase.

Exclusions

Owner's personal belongings.

Disclaimer

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel or yacht is offered subject to prior sale, price change, or withdrawal without notice.
