Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

VESSEL WALKTHROUGH and Accommodations

SWEPTAWAY offers multiple interior and exterior entertainment and accommodation areas for the owner and his guests. Commencing aft with the spacious open aft deck cockpit area which features a very large U-shaped settee to port with a folding teak dining table and a large countertop cabinet to starboard that contains an electric bar-B-que unit, refrigerated drink box, and sink. Immediately aft of the seating area is a large sun pad that extends out over the large, hydraulically actuated tender/storage garage. A staircase to starboard accesses the submersible hydraulic swim platform. Off the swim platform to port are an additional set of stairs that lead up to the port side deck allowing direct access to the foredeck. The foredeck area offers additional sunbathing space on large deck pads.

From the cockpit, one enters the salon through the sliding glass and stainless steel retractable doors that open 2/3rds of the way to allow the interior salon and the exterior cockpit space to merge into one continuous area or be closed off from each other as the owner desires. The salon has a large U-shaped settee to port with a rectangular shaped coffee table and a sideboard unit with glass and bottle storage, refrigerator and icemaker to starboard and housing the hidden pop up 39" flat screen Sat TV and stereo system. The color scheme here ant throughout the interior of the yacht is soft tones of cream and gray,

Forward in the salon area is the fully instrumented helm area to starboard with black leather adjustable electrically actuated helm and companion chairs that offer an unparalleled view of the water while the boat is underway.

Forward and down a flight of companionway stairs is the lower galley and salon/dinette area. The salon/dinette seating is to starboard with the fully equipped galley to port. All the way forward on this lower level is the VIP guest stateroom with a full sized double bed on the centerline and a private ensuite head with separate stall shower. Aft of the lower salon/dinette to port is the third guest stateroom with side by side twin berths.

Finally, all the way aft to starboard is the entry into the spectacular full beam owners suite. This stateroom is bathed in light from the two huge panoramic windows to port and starboard that extend from just above the water line and reach almost up to the ceiling. Lying in the almost king size centerline bed with the window covers open one has the sense of floating on a raft at sea level with the waves and water all around. It is an incredible experience. The mirrored headboard area behind the berth has the effect of making this already spacious stateroom feel even larger than it already is. Opposite the master berth on the forward bulkhead wall is the large flat screen TV with a digital surround sound bar that allows for an impressive audio/video experience in private. The suite is completed by a large settee under the window to starboard, a makeup table and

storage cabinets under the window to port, and the separate master head forward to port with a separate large walk-in shower. Again, all the lower quarters on this deck are finished in varying soft shades gray offset by the darker high gloss walnut cabinetry.

HELM

- Video camera monitoring system in engine room and aft facing in cockpit
- Twin helm seats with electric adjustment
- AC/DC control systems panel
- Electric opening window Port and Starboard
- Instrument panel
- Full engine instrumentation

Remarks

SWEPTAWAY is, without doubt, the newest and most comprehensively equipped Princess V-62S currently available anywhere in the world. Outfitted by an experienced and knowledgeable lifelong yachtsman, this vessel has every conceivable amenity and convenience from the SeaKeeper 9000 Gyro Stabilizer, to the Zenta Dynamic Positioning System, upgraded hydraulic bow and stern thrusters, full size washer/dryer, spare propellers, custom wine cooler in the galley, customized navigational electronics, upgraded Audio/Video components throughout the boat, and much more SWEPTAWAY is unique in the market. With its custom painted hull by Viking, this vessel is spectacular in every respect.

SWEPTAWAY represents a tremendous opportunity to acquire a virtually new vessel for a price significantly less than a comparably equipped brand new boat. Seriously for sale and ready for immediate delivery, SWEPTAWAY will not last long. Please call today to arrange an inspection at your convenience. You will not be disappointed

Exclusions

All owner's personal effects are excluded from the sale.
