Overview

A true beast is what you get in this 70 Hatteras. Set up with all the fishing equipment one would require and still is set up to handle the family and friends. When looking at today's Sport fishing options it's hard to find many options with large full beam master staterooms 70 feet and under. The other amazing feature with Fish'n Impossible is there are just over 1000 original hours. Full service records show the great mechanical history that comes with this vessel. A true find!
