Remarks

This boat is a sheer piece of art, over a four year build and a huge price tag. About 3/4 of the way through the build, Shannon Nevill of Lost River Marine was brought in to help finish the interior end, which proved to be a great move. The project turned out a very nice, classy and awesome performing boat. She has a great interior flow and no expenses were spared. The owner has taken delivery of his new vessel and it's now time to sell this spectacular piece.
