SPECIFICATIONS

Overview

The Hatteras 43 is a traditional flush-deck motor yacht whose quality construction, spacious accommodations and comfortable ride made her one of the most popular motor yachts ever produced. Like most Hatteras designs of her era, the 43 was built on a solid fiberglass, single-chine hull with a long keel and nearly flat after sections. Low hour Johnson & Towers Detroit 6-71's power with Twin Disc transmissions, Onan 7.5KW diesel generator in a sound shield, Heart 2KW inverter and Danforth anchor with five hundred feet of total rode. Whether powering thru seas or on the hook, this vessel will give confidence and pride of ownership.

BM

Basic Information
