## Overview

---

'First Mohican' came out of shop in 2006 and was the first boat to have the Delta Twin Step, giving you a very safe ride and efficient bottom design.

Built using a multi directional layup with vinylester resign giving a very strong offshore hull able to take you anywhere.

Powered by twin staggered 950 EFI Chiefs running on dry sump #6's, rigged by Bobby Saccenti and John Pompilii.

With her custom paint job by Mitcher T and interior by Fine Line Interiors she is a true piece of art work and the first of this new generation of offshore powerboats.

75 Original Hours with a top speed of 99mph

DYSID:2923284

# DETAILED INFORMATION

---

## Specifications

---

Unique Delta Twin Step design is shared with the Apache F2 Race boats, designed by Bobby Saccenti and Naval Architects from the Netherlands.

The bottom allows the speed and efficiency of stepped bottom design with the safety and durability that ONLY comes with Apache heritage. The raised deck is also the same deck shared with the 36 Apache allowing for more headroom down stairs, and more freeboard, than the traditional flat deck design.

Bob Saccenti has succeeded in bringing modern technology and race proven durability into a single hull design. The 42 Chief Warrior.

"The First Mohican" is powered by World Champion engine designer Tom Hofstetter Chief 950 EFI motors. The EFI allows for maximum efficiency in all conditions with increased fuel mileage.

The engines are coupled to Dry Sump VI Mercury Race Drives and Super Cyborg Bam Transmissions for maximum horse power to the prop, and maximum durability.

Completing the boat is a one off paint scheme by world class painter Mitcher T.

The cockpit and berth were put in place by Fine Line Interiors and Bobby Saccenti. It is accented by custom carbon fiber gauges, dual helm, premium stereo, and Tiger intercom system

### ELECTRICAL SYSTEM

12 Volt
