Manufacturer Provided Description

In our long history, we have produced many new vessels. But none have challenged traditions or the assumptions on which boats are generally built, quite like our Sports Yacht series. This is especially true of the Riviera 4400 Sport Yacht, a boat rich in innovations ? some quite radical. As you will discover, commitment is expressed in a myriad of ingenious ways. For our designers, details make all the difference, and they are forever asking how they can make life on board as smooth and pleasurable as possible. They have the answers with the 4400 Sport Yacht, and a number of firsts, including resin infusion, joint Volvo and Riviera design thinking, and IPS drive technology! Clear skies, blue water, fine food, family and friends together? it?s an idyllic scenario. But the picture looks even better when you're aboard the Riviera 4400 Sport Yacht because of the way we anticipate your needs and cater to your comfort. Riviera owners are typically experienced boat owners with high expectations. With this Sports Yacht, we believe we have exceeded those expectations? and we look forward to your inspection.
