Fuel Type: Diesel

DETAILED INFORMATION

Introduction and Walkthrough

4 MAL is an example of the very popular 87 Johnson Pilot House Motor Yacht. She carries a twenty three and a half foot beam which is enormous for an 87 foot vessel. This huge beam translates directly into huge interior volume and a truly unique layout that lends itself perfectly to both a private traveling yacht or a full service charter vessel. Full walk around side decks do not compromise the space and feel of the main salon. 4 MAL feels more like a proper ship in a 87 foot package. Some of her highlights include:

- 4 full staterooms
- 2 separate crew staterooms aft w/ ensuite heads
- Crew lounge
- CAT power and spacious engine room
- Hydraulic bow / stern thrusters and stabilizers
- Wireless Yacht Controller system for mobile, safe docking
- Country kitchen style galley w/ large bar
- Large, very open and social main salon
- Huge open flybridge w/ hardtop, bar, dinette, grill and aft sun lounge
- Massive aft deck with dinette, Euro style transom and oversized swim platform
- Stern tender garage with Novurania 400 DL
- SAT TV
- Underwater lights

VESSEL WALKTHROUGH

4 MAL can be boarded through doors midship and aft on both sides of the yacht. This allows for convenient boarding in all dockage scenarios. Her teak aft deck is extremely large. The centerpiece is a fwd facing U shaped dinette with a recently refinished high gloss teak table. The HI / LOW table also has a flip down midsection which allows for middle seated guests to exit without disturbing their outboard seated friends. Gated stairwells grace both port and starboard sides leading down to the oversized swim platform. Neatly disguised is a centerline hydraulic tender garage housing a Novurania

400 DL yacht tender. Full walk around side decks are easily navigated for line handling, ease of maintenance and bow access. The bow has dual anchors for med style mooring or just extra holding power to limit your swing at anchor. For sun worshipers there is a large sun pad area on the raised foredeck. Port side forward on the aft deck is a teak laden stairway that leads to the flybridge. On the port side walk around is a panoramic door that leads down to the crew staterooms and engine room. Some other features include:

- Aft deck control station on starboard quarter
- Flip down TV with SAT capabilities and sound system
- 2 additional chairs which will comfortably allow seating for AT LEAST 8.
- Storage under dinette seating
- Polished Stainless steel heavy duty safety gates which when open allow swim platform access.

Standing on the aft deck facing forward we enter the main salon through two large sliding doors. These doors are operated pneumatically with the simple push of a button. The doors open to reveal a stunningly luxurious high gloss mahogany yacht interior. To port there is a Lay Z Boy recliner, sofa and a coffee table. Immediately to starboard is a large desk and just forward of that a swivel barrel chair and circular end table. Port mid ships is a liquor cabinet and on center line in the forward part of the salon is a circular table for dining or playing cards. On the forward salon bulkhead there is a high gloss mahogany china cabinet with stemware anchors and a large flat screen television. There is a second large flat screen TV that flips down from the ceiling on the starboard side of the salon. It is both versatile and comfortable.

Port side forward of the main salon is the walkthrough galley. It has speckled dark granite counter tops, stainless steel full size refrigerator, and high gloss mahogany cabinetry. There is a pocket door if you would like close the galley off to the salon. She also has a port side galley panoramic door that opens up to the walk-around side decks. This allows for a private galley entrance or the ability to exit and serve the aft deck without having to walk through the main salon. Both of these scenarios are features complimentary to yacht charter guests. The galley has a semi open ceiling that also looks up into and has the ability to serve the raised pilot house.

Walking through the galley we arrive in the country kitchen lounge and dinette. Centerline aft, but facing forward is a large granite countertop wet bar. Facing aft is a U shaped dinette and high gloss teak dining table. This is a definite highlight area for 4 MAL. Marble floors and high gloss mahogany wood work set the tone. There is a 240 degree view through panoramic windows which helps to create an exceptional dining or cocktail experience.

The starboard side marble walkway from the salon will also lead you to the forward dining/ lounge area but not before passing the on deck day head. This convenient feature on large yachts allows your guests to use the facilities without having to go below to the private heads. There is another panoramic door in this starboard hallway that opens up to the walk around decks. Just forward of the day head is a stairwell leading down to the full beam master stateroom and two of the three guest staterooms. Continuing forward is a stairwell leading up to the raised pilot house. All the way forward on the starboard side and outboard of the dinette is a stairwell leading down to the VIP stateroom.

The split level forward VIP stateroom of 4 MAL is decorated in a high gloss birds eye maple wood. Its blonde tone is a nice contrast and change of pace from the rich high gloss mahogany throughout the rest of the vessel. Additional Highlights

- queen berth
- SAT TV
- Hanging lockers
- Port holes for natural light
- Ample storage
- Split level layout with step down ensuite head
- Granite counter tops
- Large shower
- Full length dressing mirror
- “nanny door” secretly behind full length mirror opens to port guest stateroom

Let's go back to the marble walkway down the starboard side of the yacht and take the stairwell down to the lower accommodations. At the base of the stairs you find yourself in a foyer. The master stateroom is aft and two guest stateroom are forward.

Master

- Full beam master suite
- Centerline king size berth
- High gloss mahogany finish
- Updated flat screen SAT TV
- Cedar lined hanging lockers

- Ample drawer storage
- Custom mirror head board with wood inlays
- HIS AND HER head w granite counter tops
- Large shower

Port guest

- Twin berths
- High gloss mahogany finish
- Entertainment systems
- Hanging locker
- Ample storage
- Ensuite head special NANNY DOOR with entrance into forward VIP

Starboard guest

- One double size berth
- High gloss mahogany finish
- Entertainment systems
- Hanging locker
- Ample storage
- Ensuite head

If we head back upstairs and take the neighboring few stairs up, we find ourselves in the Raised Pilot House. This is the navigation center of the yacht. It is nicely decorated with the high gloss Mahogany theme featured throughout most of the vessel. It has a Johnson signature wrap around window design giving the captain and 240 degree view from the protected weather helm station. Some other highlights include:

- Full complement of navigation equipment including: Nobletec Chart plotter, Furuno back up CP and radar, Simrad auto pilot
- CCTV cameras
- Hydraulic bow and stern thrusters
- Hydraulic stabilizer controls

- Ostrich leather helm seat
- Ostrich leather raised observation dinette seating and high gloss teak table
- Open view down into the galley

Flybridge

If we take a few step up and aft we transit through an overhead sliding door to the flybridge deck.

She has a factory hardtop over the forward half of the bridge to offer shade and weather protection. Port side forward is a second navigation station. Starboard side forward is a huge dinette area with molded seating and HI / LO high gloss teak table. Port mid ships is a full entertainment bar with stools, sink, and refrigeration. The aft half of the flybridge is open for relaxing in the sun. She is set up with a BBQ grill, huge U shaped molded in seating, teak tables, umbrellas and two teak sun lounging chairs. This flybridge area has teak decks, AV and sound system and is a great place to relax and cruise to your desired destination.

Engine Room and Crew Quarters

The crew quarters and engine room are accessed on the port side walk-around side deck through a panoramic door and downward stairwell. The stairs lead directly down into the crew area. The port side has a captain's stateroom, full size berth and ensuite head. The starboard side has a crew lounge, small crew galley and a second crew stateroom. It has bunk beds and an ensuite head. On the forward bulkhead of the crew area is a access door to the engine room. The engine room is large, easy to move around for service access and very clean. Her C 32 CATS have been professionally service and maintained to the highest levels. She has enjoyed CAT EXTENDED WARRANTY COVERAGE up until it expired in 2015. Engine room highlights include:

- C32 A CAT power 1675 Hp ea. 3950 hours
- Twin 33 KW Norther lights Generators approx. 4000 hours each
- Delta T engine room blowers
- Chilled water air conditioning system
- Fuel transfer pump
- Oil change system
- Dual Racor fuel filters for each engine

Exclusions

Owner's personal belongings.
