Overview

Best priced and equipped Sunseeker on the market! 1,000 original hours, 7 New Underwater Lights, New Electronics and stereo 2016! Trades Considered. \$65,000 spent in December 2015 on upgrades! In terms of luxury, quality, and flat-out performance, the Sunseeker 56 Predator set the standard for big sport yachts during her 2000-2004 production years. The Predator boasted an array of sophisticated features including a hydraulic swim platform for launching and retrieving a tender as well as an optional hardtop with retractable sunroof. Her expansive, wide-open cockpit is still among the class leaders for comfort and amenities, and the Predator is one of the few European sport boats whose engine room offers decent service access. Additional features include a teak cockpit sole, wide side decks, and cockpit engine room access. This beautiful vessel is by far the best deal in the market today. If you are looking for a turn key boat this is for you! Having just finished a yard period in Jan 2016 this boat is turn key and ready to go! The owner has had a change of plans and now offers her for sale. She is by far the most updated and tricked out 56 Sunseeker available. Come see her. You will not be disappointed.
