- Electric Bilge Pump
- Marine Head
- Sea Water Pump
- Battery Charger

### Electrical Equipment

- Shore Power Inlet

### Outside Equipment/Extras

- Cockpit Shower
- Swimming Ladder

---

## Boat Highlights

---

A high end fishing machine, stylish, fast, and loaded with amenities. Built on a deep-V hull using the company's proprietary RAMCAP construction process, the 350 is virtually unsinkable thanks to the urethane foam injected between the hull and deck. The blue hull band was repainted last year. She's also innovative, the combined glass windshield/T-top has become an Everglade's trademark.

Standard features include double helm seats with flip-up bolsters, electric high-low bow table, forward bow deck cushions, full coaming pad cushions, three seats on forward console, foldaway stern seating, two livewells, forward fish box, gunwale storage compartments, and rod storage compartments. A clever foldaway seat on the rear of

the bait well doubles as fighting chair.

The 350's large console head compartment includes a small quarter berth plus a sink, shower, and storage drawers. An anchor hatch at the bow provides access to the windlass, control switches, and a washdown hose. The powder-coated windshield frames and bow rails are a classy touch. With no cross braces to restrict view.

Top Gun crank out outrigger bases with telescoping outriggers and over 20 rod holders. Owner had the stock push switches and wiring all professionally replaced with a new power panel located inside the console, new dash switches, (4) AGM batteries, including (4) blue LED underwater lights, blue LED under gunwale lighting. All 3 motor cowlings repainted.

This 350 CC has red and white LED deck and under T-Top lighting, bilge lighting, livewell lighting, forward and aft flood lights, upper dock lights and dash panel lighting.

---
