Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Remarks

JSEA is a 2004 Tournament rigged 52 Viking Convertible powered with 1300 MANs. The vessel was virtually completely refit in 2013. The work was performed at Viking South in Riviera Beach, FL. JSEA received a cockpit mezzanine, new teak deck, hull paint, topside paint, new electronics and a new interior including teak accents such as teak valances, and teak blind covers. Pumps were changed out and upgraded including a set up for portable tuna tubes with a dedicated seawater supply "pool pump." All chairs both helms and fighting were refinished and upholstered in Buckskin. New interior salon TV was added and complimented by a universal remote for the AV system. New cushions on the bridge were upgraded to match the refinished Helm and Fighting chairs also in buckskin along with a new 3 EZ2CY enclosure for the flybridge. Not a detail was overlooked in the build of this 52, and its refit, right down to the new style threaded scupper drains in the cockpit. The vessel shows impeccably and is professionally maintained by an extremely detailed and knowledgeable captain. All engine services are up to date and as of recent (Jan 2016) all new AC compressors. This vessel is still owned by the original owner, who has only put slow and very successful trolling hours on its 1300 hp MAN package. If you have been on the prow for one of Viking's most desirable & successful selling models at a fraction of replacement cost, you need to look no further.

Salon

- AMTICO TEAK AND HOLLY FLOORING AT THE SALON ENTRANCE, RUN ALL THE WAY TO ELECTRIC PANEL
