# DETAILED INFORMATION

---

---

## Accommodations and Layout

---

Arguably the most amazing yacht Sea Ray has ever built. The wow-features are endless, beginning with a fully protected bridge deck with two retractable sunroofs, teak flooring and a 360-degree panoramic view. There is an elegant salon with state-of-the-art entertainment center, two luxurious staterooms and a wealth of gracious amenities throughout.

The helm deck, within the enclosure, is solid in teak. A high gloss, teak table serves the rotational lounge abaft the helm seating. This lounge is in two sections that can each be slid around on circular tracks. A grill and refrigerator are here, as is a wet bar with a sink and trash bin. A flat-screen TV hangs above. Aft, the cockpit lounge, seats 10 in plush, padded style, beneath the hardtop's shade. You'll find a grill and bow and stern thrusters are standard. Moving inside the 55' Sundancer's companionway and down the teak-treaded steps into the maple-soled salon, and the U-shaped galley, with bull-nosed, faux-stone countertop. A big screen TV that rises at the touch of a switch from this counter. Beneath are separate under counter stainless-steel Sub-Zero refrigerator and freezer units. Cabinetry and stateroom doors are satin cherry. To starboard is the salon with a plush convertible/ sleeper lounge and table. To aft is the master stateroom. Soft light gleams through opaque panels, and mini blinds striate the sunlight as it pours through the huge, hull side windows. The full beam master features 6'4" of headroom and a queen-size berth. There is space for a pair of upholstered chairs with a booth-style table. The master also boasts a private head with a teak sole and a tiled shower stall. Guests will enjoy an island berth in the forward stateroom, which also features four port holes, mini blinds regulate natural light, walk-in hanging locker, as well as private access to the day head with tiled shower stall.

---

## Engine Room

---

The engine room is a mechanic's dream, a space that rivals that of many megayachts in its roominess, access to key components, logical layout, and quality of finish.

Headroom is 6'8", and you can easily walk all the way around either of the engines. Not only are all maintenance points at hand, but you can actually reach and service the shaft logs beneath the engines. In fact, there isn't a single component in here that you cannot easily reach. •R6-Common Rail 800 HP MAN engines-(680 hours) 2/16 (1000hr service complete) •Onan 21 Kw generator with sound shield 240V/60 Cycle 800 hrs 2/2016 •5 Cruise Air air conditioning compressors •Sea Fire engine room suppression system •5 Point Reverso oil change system •Sea Star hydraulic steering system •(2) Spare props-mounted and stored •Compressor for air horn •Freshwater wash down •3 Bilge pumps/2 float switches/1 high water alarm •2 110 Volt outlets •5 Marine battery switches •12/24 Volt DC electrical panel •Bow thruster, 24V •Compass •Emergency start system •Horn, air •Instrument panels •Instrumentation •Shift & throttle controls •Spotlight •Steering, power assisted •Switches, illuminated

---
